Building a Yu-Gi-Oh! Genesys Deck in NEURON

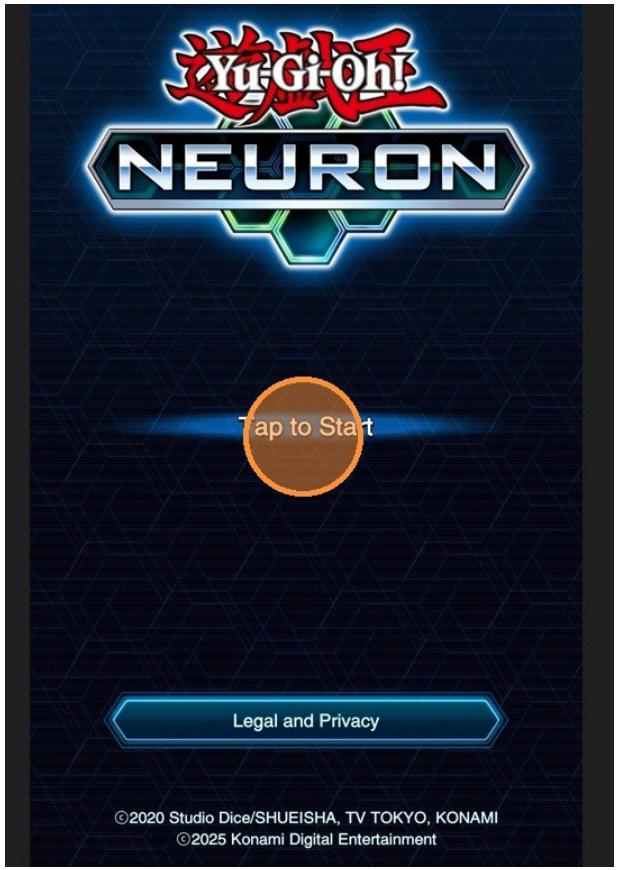
What is NEURON?

- NEURON is the Yu-Gi-Oh! TCG Official Companion App.
- It has several features that support Duelists in the Dueling scene!
- Duelists can find more information about it here: https://www.konami.com/yugioh/neuron/en/
    - You can download NEURON on iOS and Android devices.

Important Information about NEURON

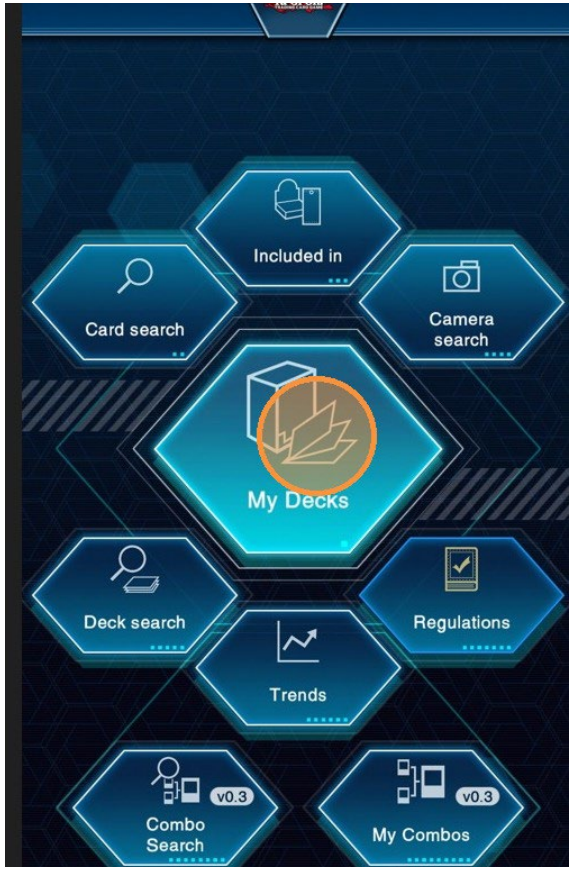
- Ensure that your mobile device Operating System (iOS / Android) is up to date with the latest version.
- Ensure that NEURON is up to date with the latest version.
- Ensure that you have internet access (Wi-Fi / Mobile).

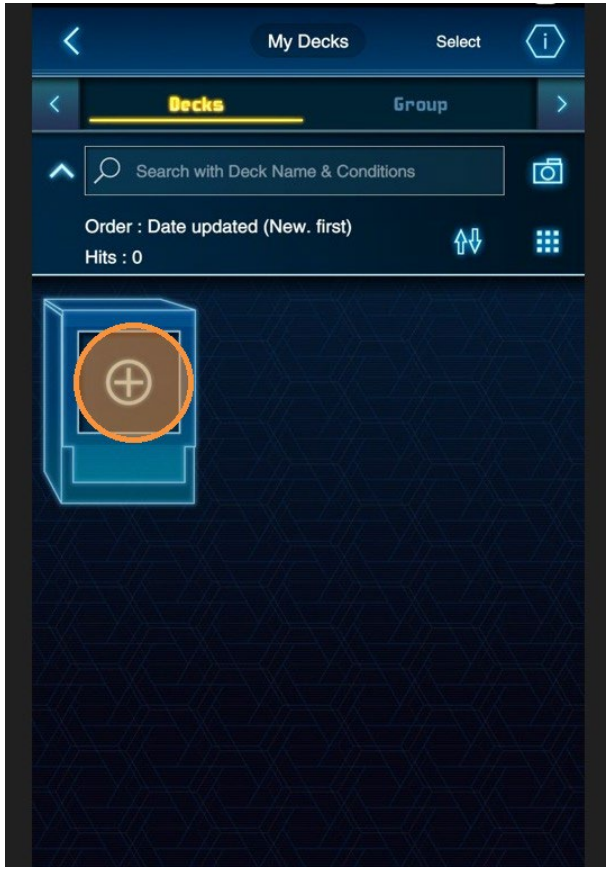
Creating a Genesys Deck in NEURON



Start by opening NEURON on your mobile device and tapping the “Decks” tab on the navigation bar.

Creating a Genesys Deck in NEURON

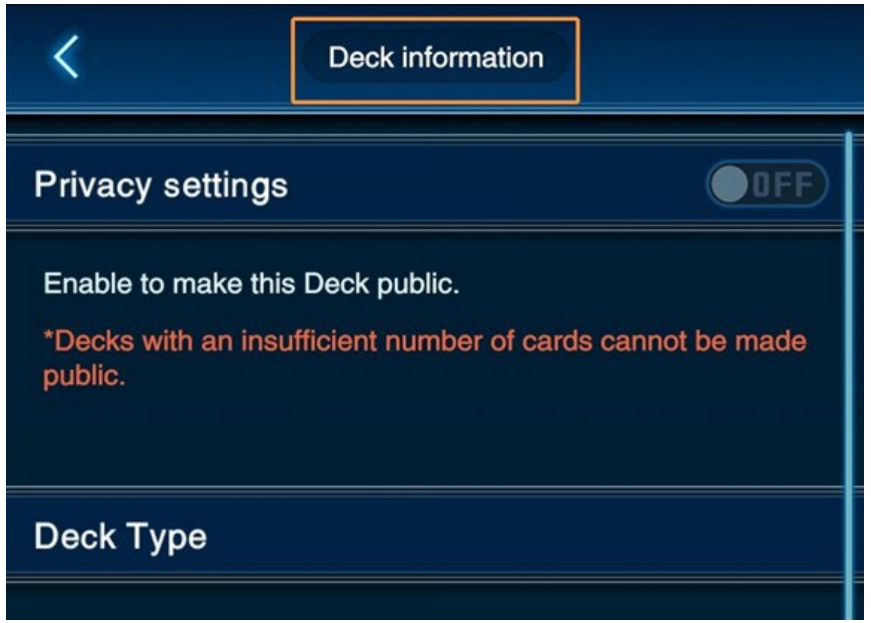




Tap on the “My Decks” button to open your list of Decks saved on the NEURON App.

Tap on an empty card case to begin creating a new Deck.

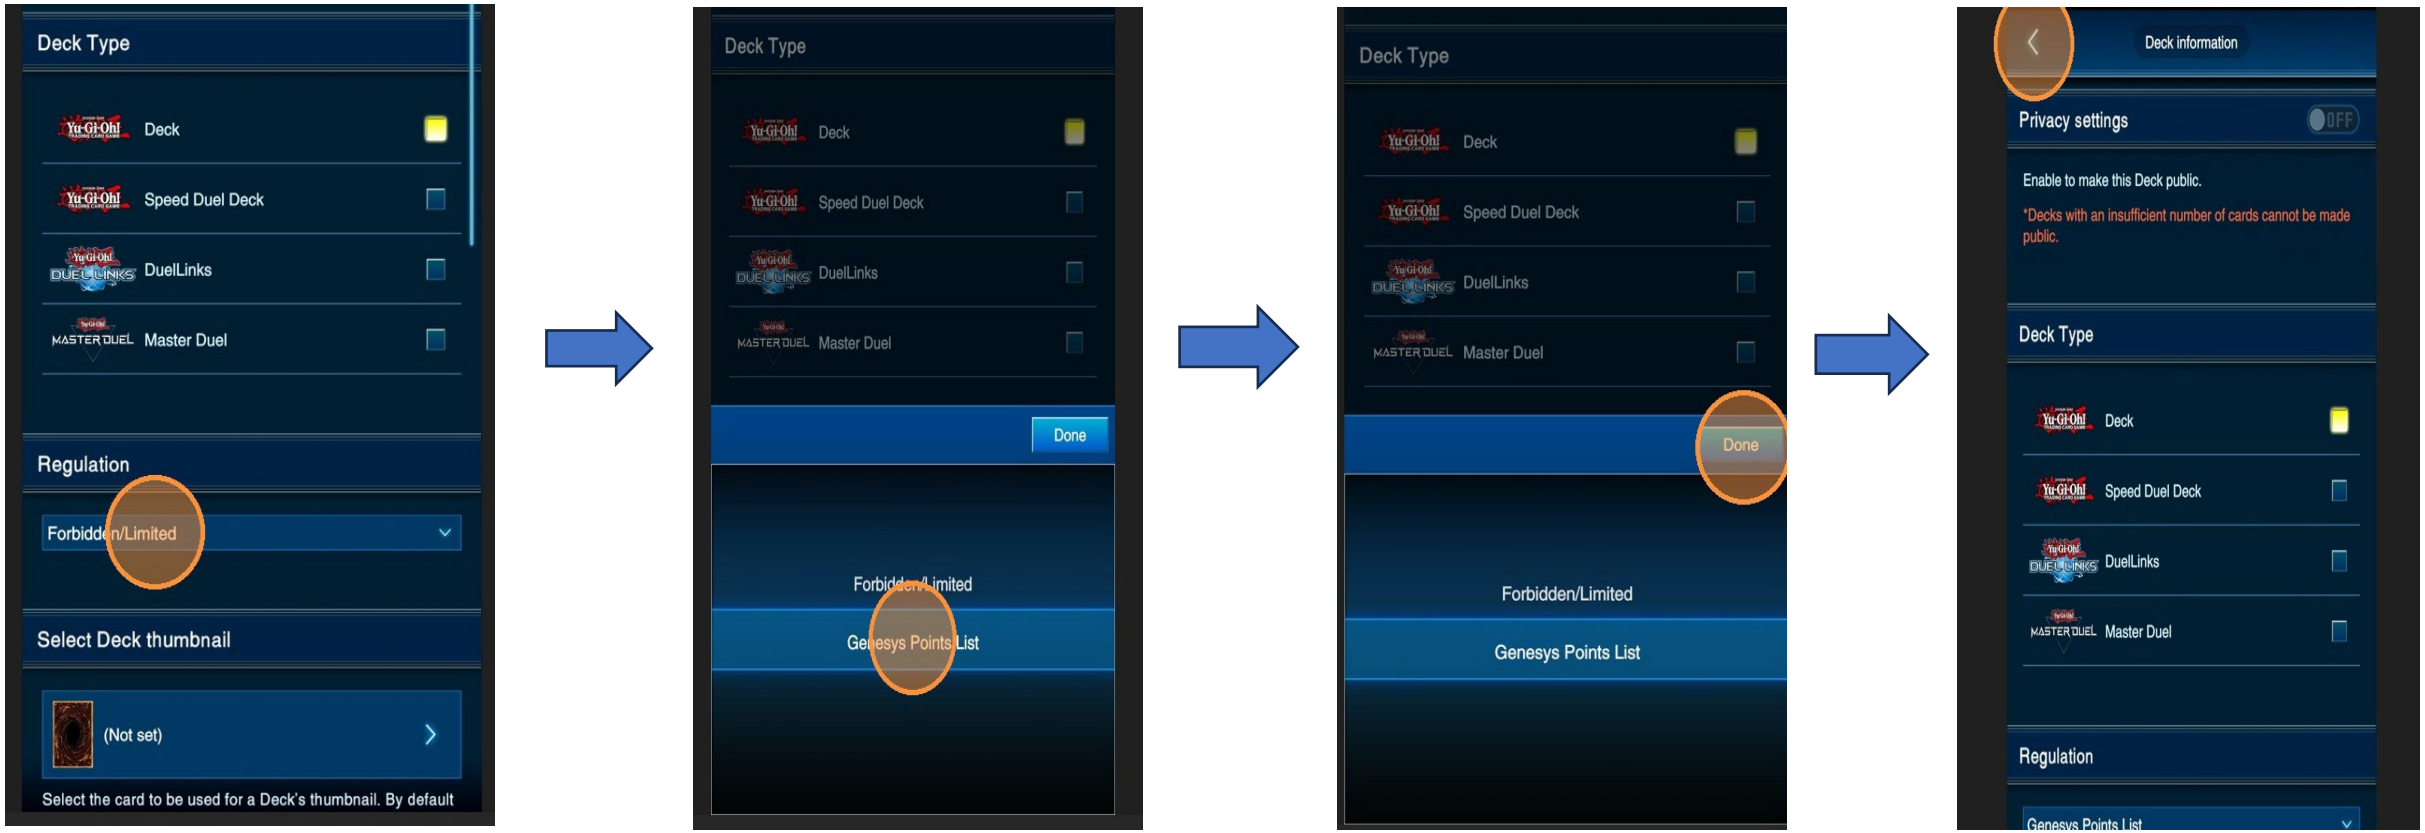
Creating a Genesys Deck in NEURON



Tap on the tag next to your Deck's name to open the "Deck Information" menu. This menu will show you different formats and regulations that you can build your Deck for.

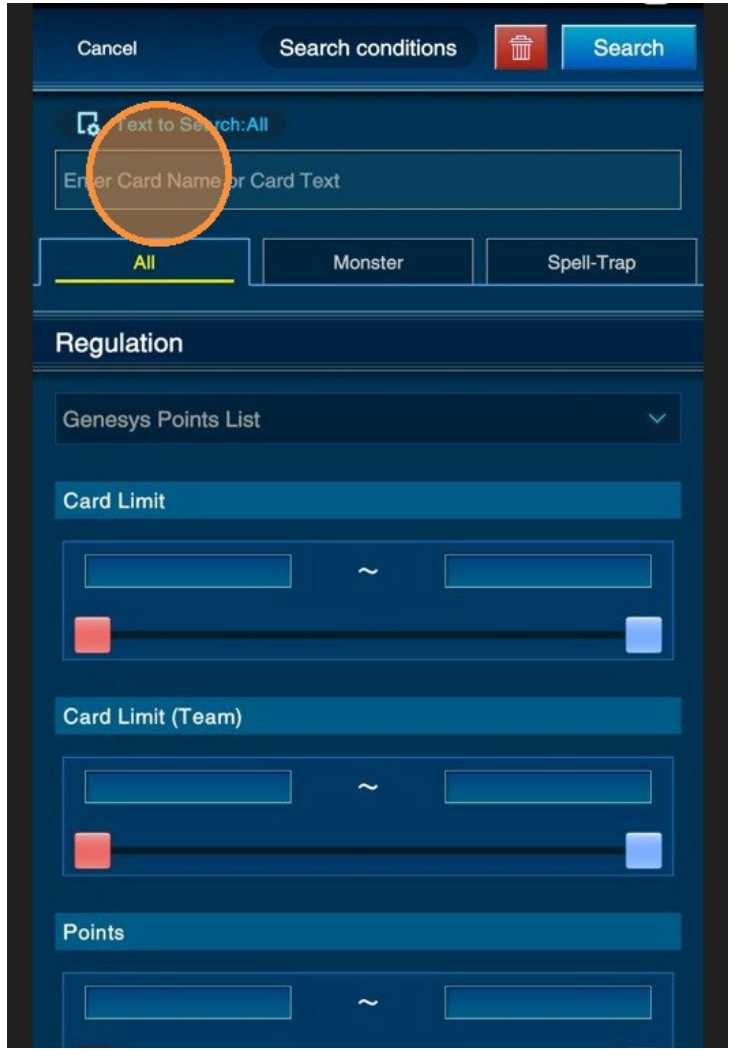
Creating a Genesys Deck in NEURON

- Tap the bar in the “Regulation” section.
- Select “Genesys Points List” and return to Deck constructor.



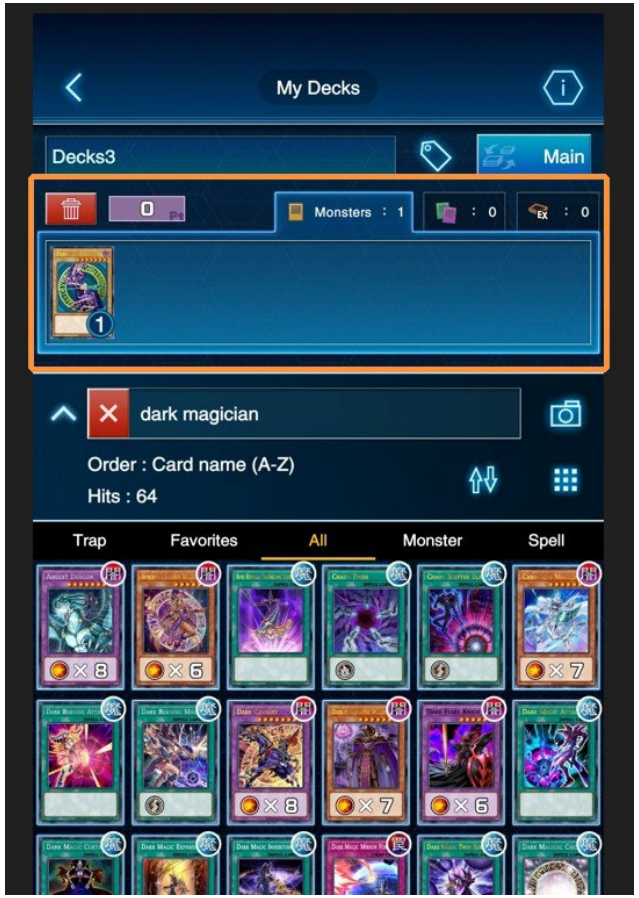
Creating a Genesys Deck in NEURON

- Tap on the search bar and search for card to add to your Deck.
- You can search for cards by either their name or by their text.



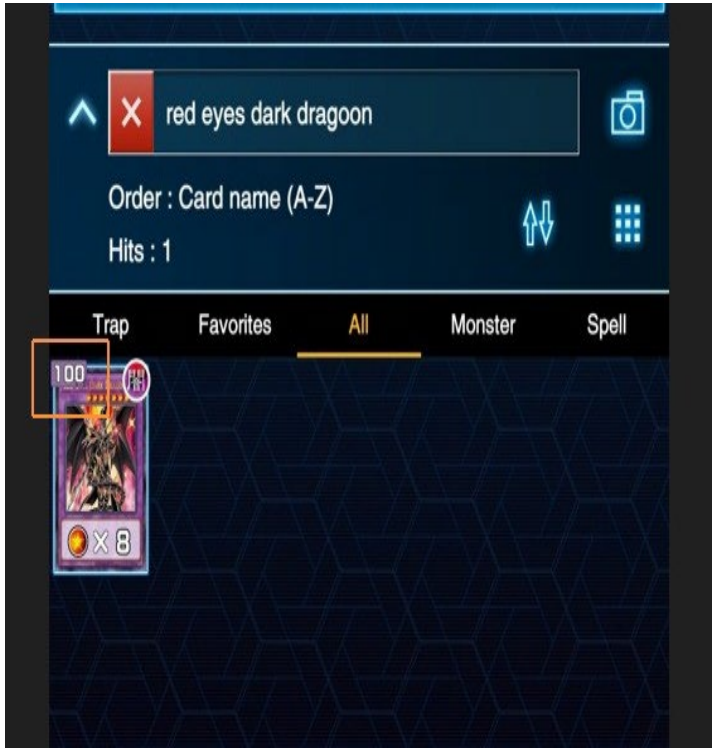
Creating a Genesys Deck in NEURON

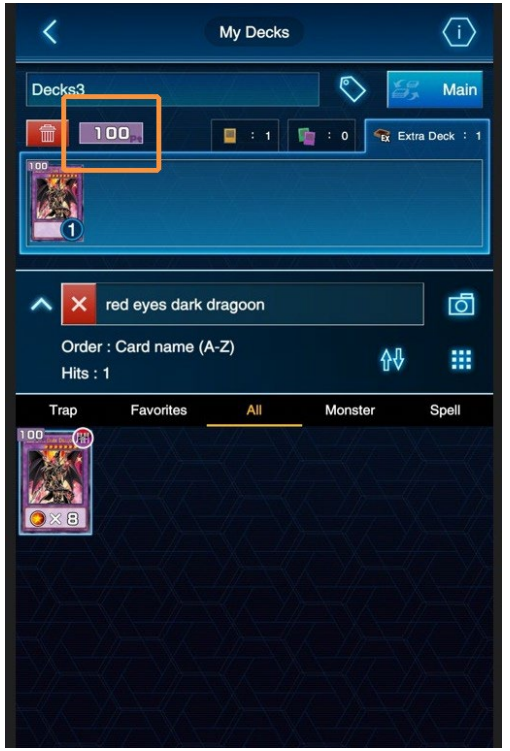
- Press and hold, then drag the cards that you want to add your Deck.
- Cards that you add to your Deck will appear in a box above the Search Bar.



Creating a Genesys Deck in NEURON

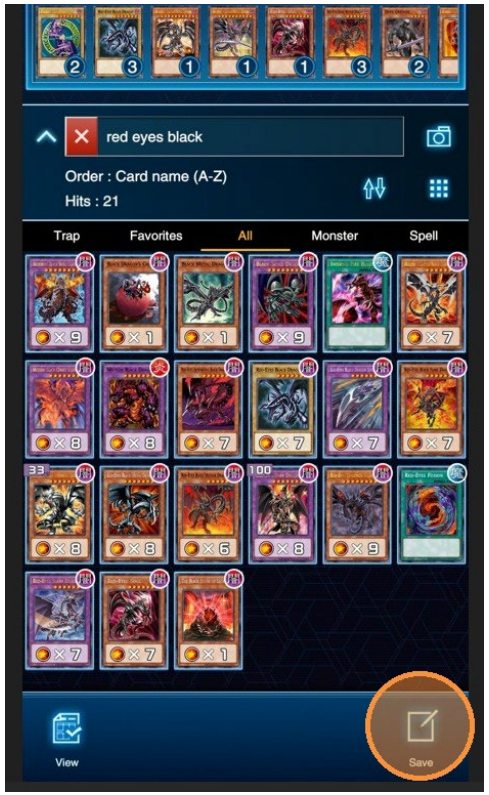
- When selecting a card that has points, you can see the points associated with the card on the top left.
- When a card with points is added to your Deck, the total points value of your Deck will update.





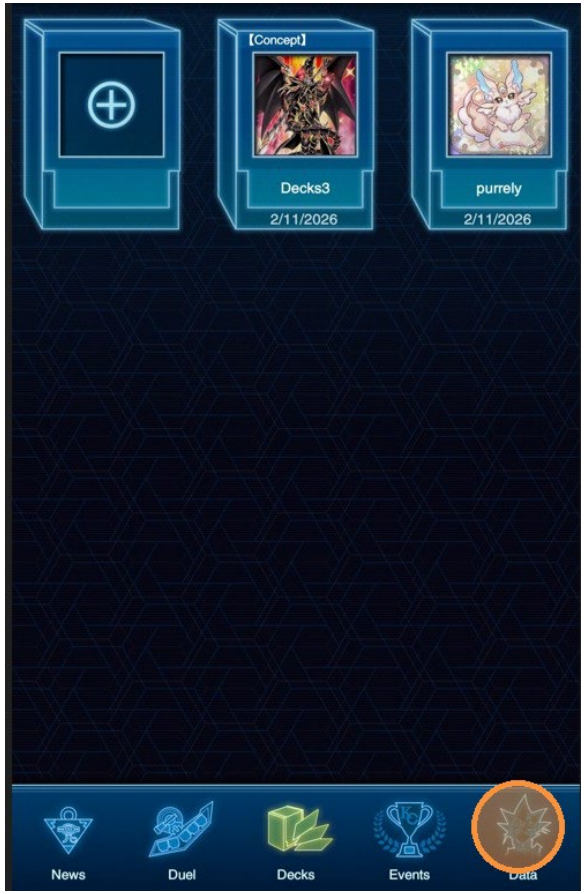
Creating a Genesys Deck in NEURON

- Once you are finished with your Deck, tap the “Save” button on the bottom right of the screen.
- Once you see “Deck Saved.” Your Deck will be saved to your NEURON APP and you can exit out of the Deck constructor.

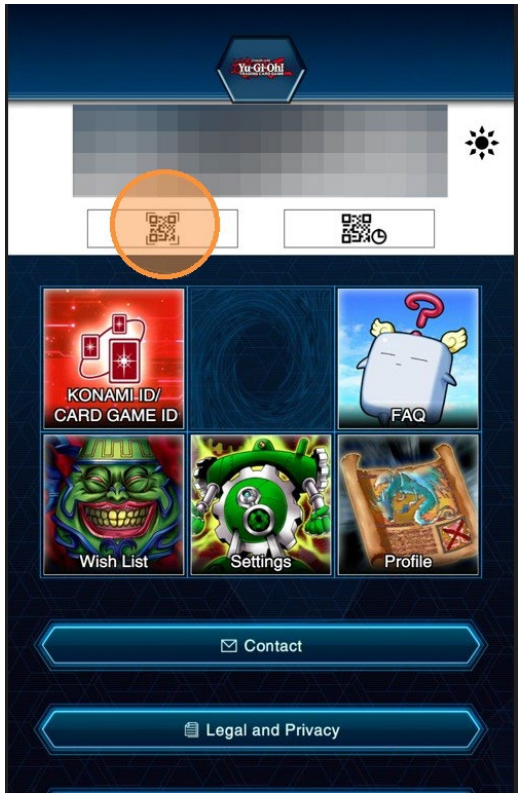


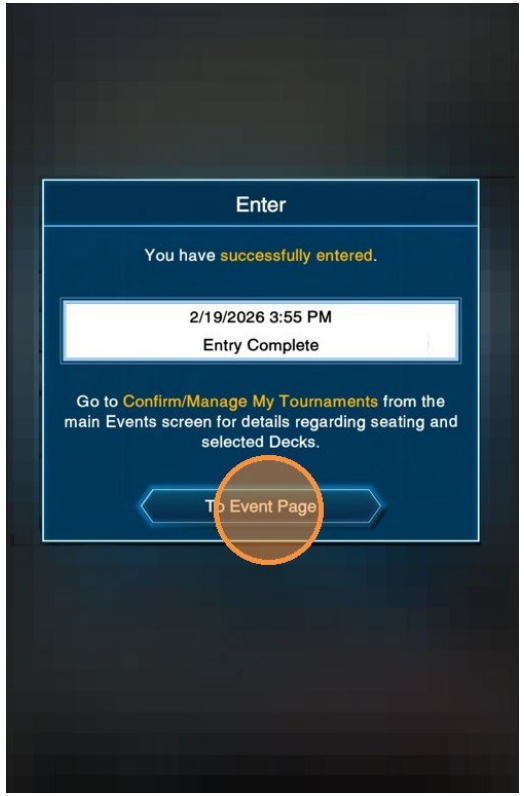
Submitting a Genesys Deck for Tournament Entry

- When you want to join a tournament, tap on the “Data” tab on navigation bar.



Submitting a Genesys Deck for Tournament Entry





There are two options to register for a tournament using the NEURON APP, one using the QR code for the event, and the other through the Events Listing.

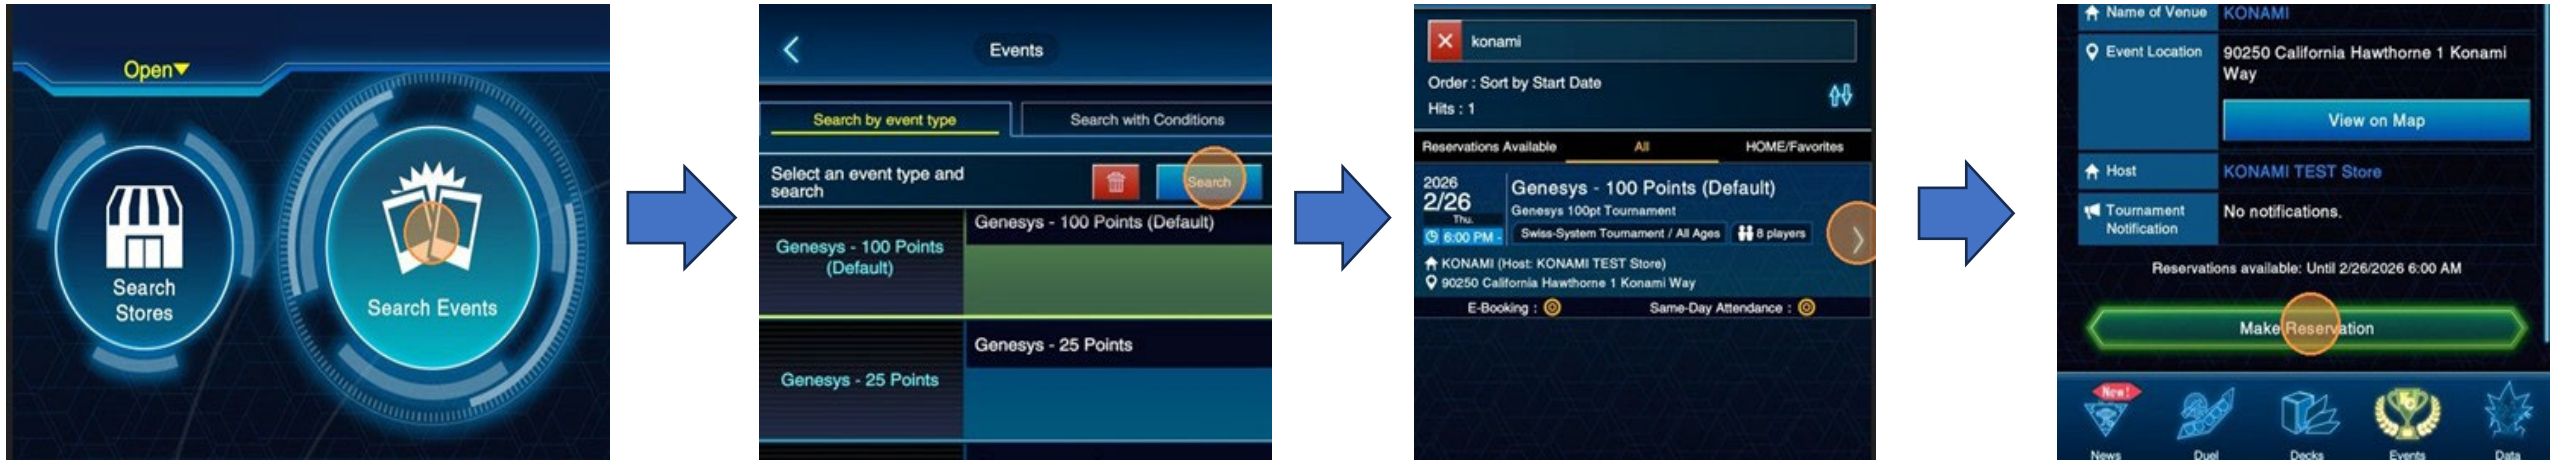
QR Code:
Tap the button on the left below your CARD GAME ID to open a QR Scanner to join a tournament. The QR code for any event you want to participate in will be provided by the Tournament Organizer.

After successfully scanning a tournament QR code, a pop up will appear. Tap “To Event Page” to view your events page.

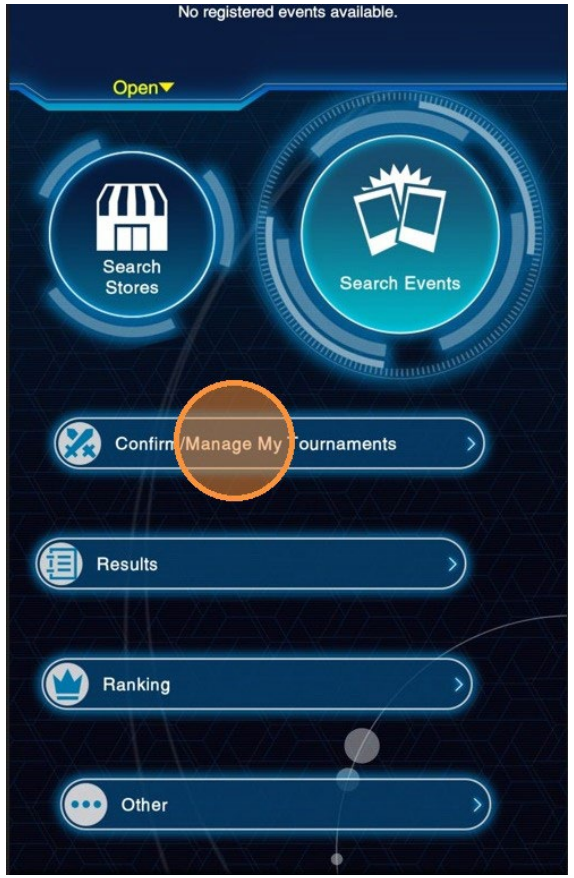
Submitting a Genesys Deck for Tournament Entry

Events List:

In the “Events” tab, select “Search Events” to find the event you would like to register for. Select the event type to view available events. Once you have selected the event, tap “Make Reservation” at the bottom of the page. Confirm your reservation to successfully join the tournament.



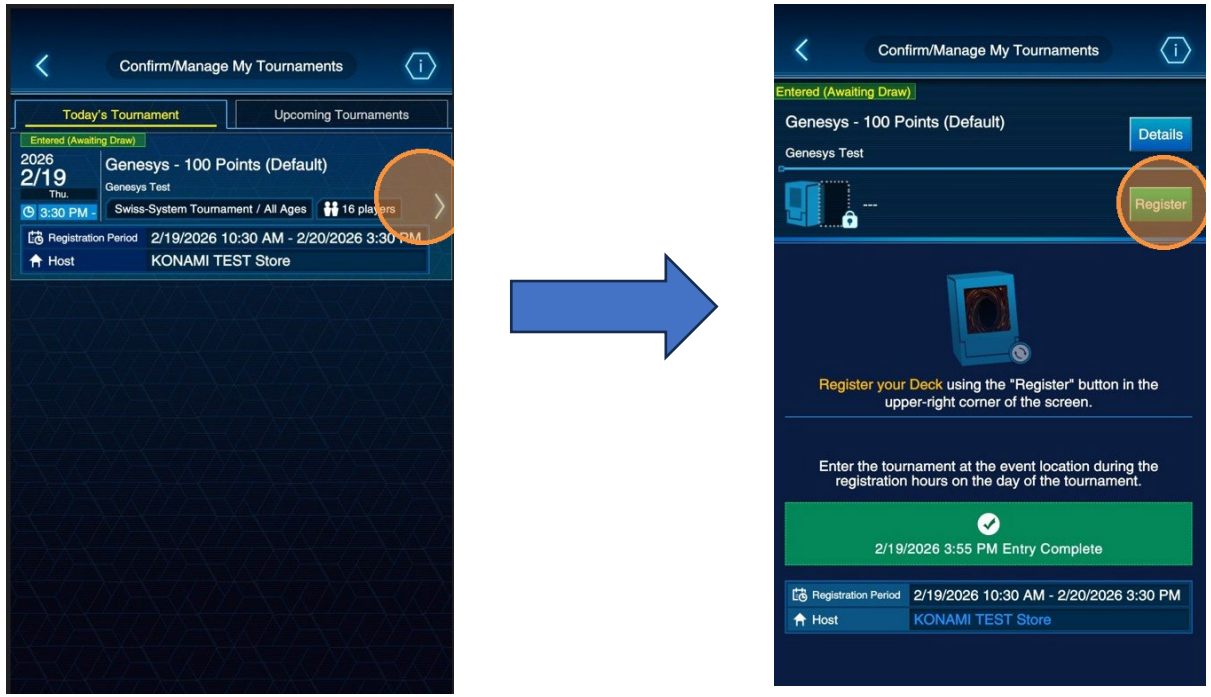
Submitting a Genesys Deck for Tournament Entry



Tap “Confirm/Manage My Tournaments” to view the events that you have signed up for.

You can also use this menu to search for events and check previous results of events that you have entered.

Submitting a Genesys Deck for Tournament Entry

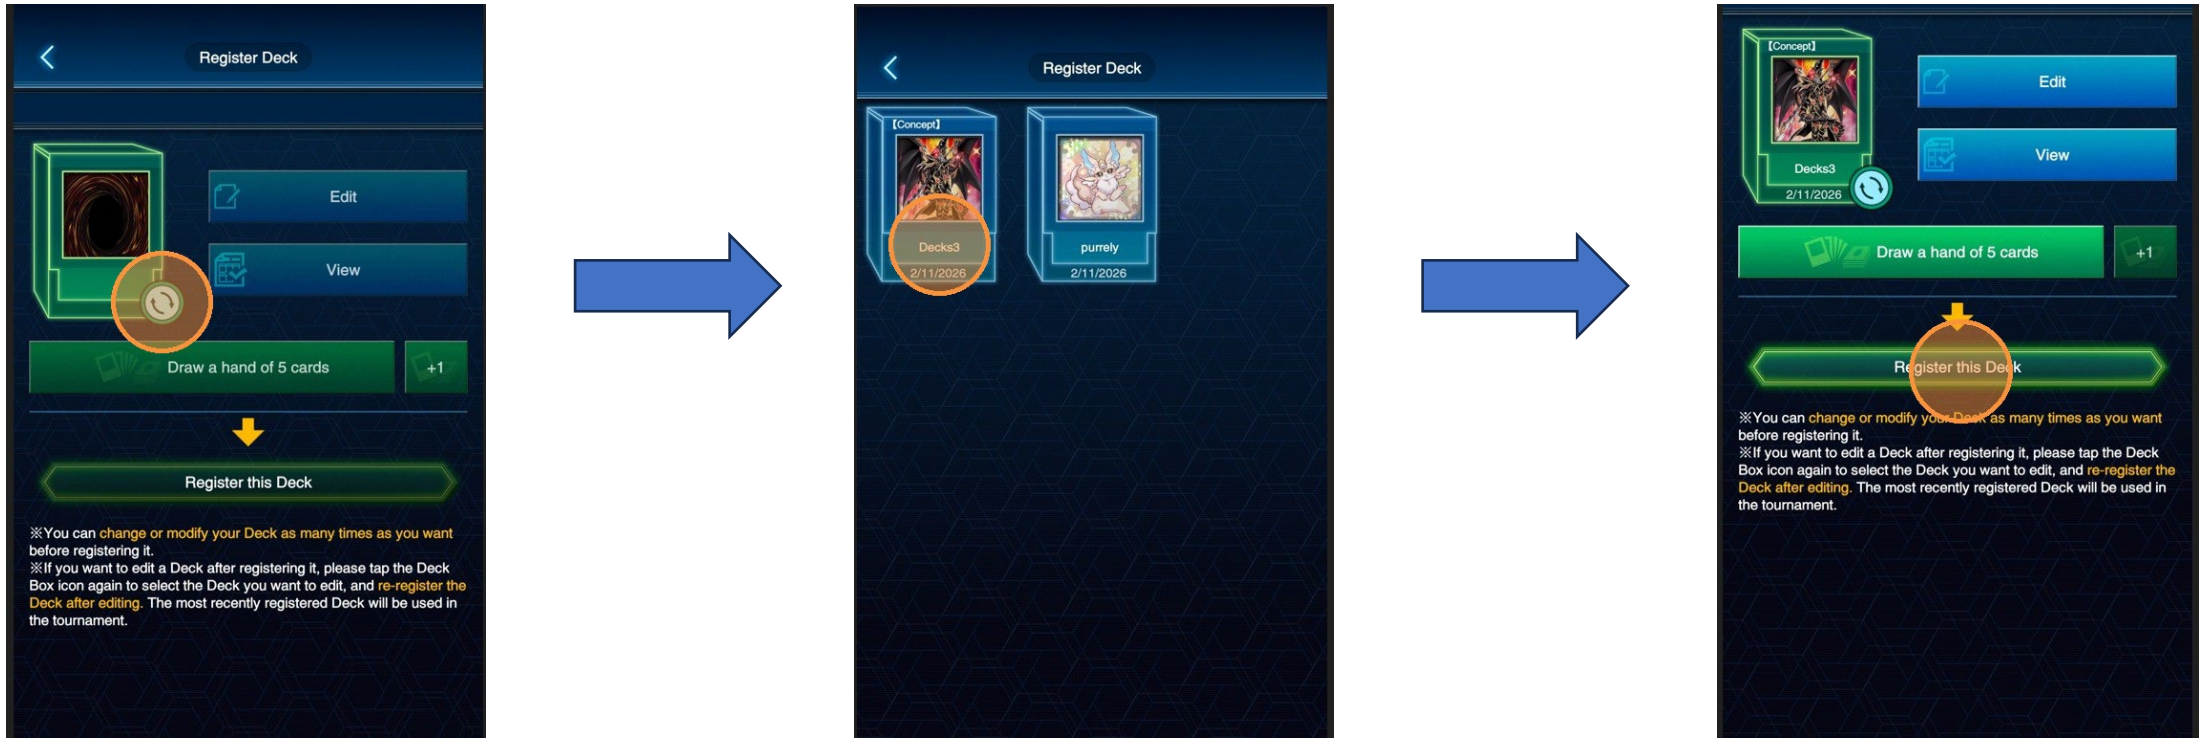


Tap on the arrow of the event that you want to submit a Deck for.

Tap on the green “Register” button to select a Deck to register for the tournament.

Submitting a Genesys Deck for Tournament Entry

- Tap the button on the bottom right of the card case to choose a Deck to register.
- Select the Deck that you'd like to register from your list of Decks.
- After selecting a Deck, tap the "Register this Deck" button.



Submitting a Genesys Deck for Tournament Entry

Your chosen Deck is now submitted for the tournament!

You can change the Deck that you're using by tapping the button on the bottom right of the card case and following the previous steps.

Submitting a Genesys Deck for Tournament Entry

If you try to submit a Deck with a greater point total than what is allowed for the event, a message will pop up telling you by how many points your Deck has exceeded the point limit.
