

## RECENT CARD ERRATA LIST

Compiled as of November 5, 2010

### What does errata mean?

An 'errata' is a correction to the text on a card. If a card has errata, you should always play the card as if it had the corrected text, even though your actual card might have older text.

We frequently update the text on cards to make them easier to understand. You should always use the most recent printing of a card, because that text is the most accurate.

### Which errata are listed here?

This list is the recent errata. Older cards that have had their text corrected long ago, and have been reprinted with corrected text, are not included here.

### Here's the recent card errata list, by set:

<NEW> From *Yu-Gi-Oh! Tagforce 5 (PSP)*:

#### Liberty at Last!

TF05-EN003

Printed Text:

*Activate only when a monster you control is destroyed by battle and sent to the Graveyard. Select 2 face-up monsters on the field and return them to the hand.*

Correct Text:

\*If you have any questions regarding this errata, you can contact us at [us-cardsupport@konami.com](mailto:us-cardsupport@konami.com).

<NEW> From *Turbo Pack 4*:

#### Wattkid

TU04-EN012

Errata:

This monster was formerly known as **Oscillo Hero #2**. Its name has been changed to **Wattkid**.

NOTES:

1. Yes, **Wattkid** is considered a "Watt" monster.
2. **Oscillo Hero** is still **Oscillo Hero**. Its name has not been changed.

3. Correct versions of **Wattkid** (with the name change) and **Oscillo Hero** (which has had no change) are both available in *Turbo Pack 4*, so you can easily get a matching set of correct versions, to reduce confusion for everyone.

<NEW> From *Gold Series 3*:

#### **Amazoness Archer**

GLD3-EN003

##### Errata:

This monster was formerly known as **Amazon Archer**. Its name has been changed to **Amazoness Archer**.  
(NOTE: Yes, it *is* an “Amazoness” monster.)

#### **Elemental Hero Prisma**

GLD3-EN014

##### Old Text:

Once per turn, you can reveal 1 Fusion Monster from your Fusion Deck and send 1 of the Fusion Material Monsters listed on that card from your Deck to the Graveyard. Until the End Phase, this card's name is treated as the sent monster's name.

##### Correct Text:

*Once per turn, you can activate this card's effect by revealing 1 Fusion Monster from your Extra Deck and sending 1 of the Fusion Material Monsters listed on that card from your Main Deck to the Graveyard. Until the End Phase, this card's name becomes the name of the monster you sent to the Graveyard.*

This text is functionally different from the old text. Revealing 1 Fusion Monster from your Extra Deck and sending 1 of the Fusion Material Monsters listed on that card from your Main Deck to the Graveyard is now a cost to activate the effect.

#### **My Body as a Shield**

GLD3-EN041

##### Old Text:

*Activate only by paying 1500 Life Points when your opponent activates a card with an effect that would destroy 1 or more monster(s) on the field. Negate the activation of that card and destroy it.*

##### Correct Text:

Activate only by paying 1500 Life Points when your opponent **activates a card or effect** that would destroy a monster(s) on the field. Negate the activation of that card and destroy it.

*You can discard any number of cards to return the same number of cards from the field to the hand.*

##### Correct Text:

1 Tuner + 1 or more non-Tuner monsters

You can discard any number of cards **to the Graveyard** to return the same number of cards from the field to the hand.

(NOTE: This clarification is to make it clear that in cases where you cannot discard to the Graveyard, you cannot activate the effect of “Brionac, Dragon of the Ice Barrier.” For example, if “Macro Cosmos” is active.)

#### **Ally of Justice Catastor**

HA01-EN026

##### Printed Text:

*1 Tuner + 1 or more non-Tuner monsters*

*If this card battles a non-DARK monster, destroy that monster without applying damage calculation.*

Correct Text:

1 Tuner + 1 or more non-Tuner monsters

If this card **attacks or is attacked by a** non-DARK monster, destroy that monster **at the start of the Damage Step (without damage calculation)**.

(NOTE: This clarification is to make it clear that if "Ally of Justice Catastor" attacks a face-down monster, or is itself attacked while face-down, its effect will not activate. Its effect would have to activate at the start of the Damage Step, before a face-down monster would be flipped face-up.)
