

Konami Digital Entertainment, Inc. (KDE-US)
Official TRADING CARD GAME Tournament Policy

In Effect as of June 1st, 2018

The Tournament Policy documents exist to explain what is required of tournament attendees, players, judges and spectators; how they should prepare for the event and what to expect at the event. Tournament Policy documents help to keep events consistent, so that attendees will always know what to expect at a KDE-US event.

Everyone who attends an official KDE-US tournament is expected to have read, understood, and adhere to all Tournament Policy and Penalty Guideline documents. Players should also read Policy Documents specific to the game they wish to play, as there will be more detailed information and additional rules which are relevant to that game provided in the game-specific document.

For a complete understanding of tournament policies, please read all three documents.

Specific events, such as the Yu-Gi-Oh! Championship Series and Regional Qualifier tournaments, may have a standardized Tournament Operation Document. Any tournament-specific rules in these Operations Documents will supersede directions given in this policy document.

Tournament Policy documents are frequently updated. The most current version of the Tournament Policy document can be found here:

The Americas: <http://www.yugioh-card.com/en/events/>

Europe: <http://www.yugioh-card.com/?area=eurp>

For questions please e-mail us-opsupport@konami.com (North America), la-opsupport@konami.com (Latin America and the Caribbean) or yugioh@konami-europe.net (Europe, South Africa, Australia, and New Zealand).

I. Preparing To Play

A. Duelists

To participate in a Sanctioned or Official KDE-US tournament you will need a Konami Card Game Network (KCGN) CARD GAME ID number. If you do not have one, you can register a KCGN account online, or you can obtain a CARD GAME ID at a Sanctioned event or at a local Official Tournament Store (OTS).

You should keep a record of your 10-digit CARD GAME ID number in case you lose the card or forget the number.

- Please note that Duelists at Sanctioned and Official KDE-US tournaments will be referred to by their CARD GAME ID number and their first name(s) and last name(s).

For more information on KCGN or your CARD GAME ID, please start here:

- <https://cardgame-network.konami.net/>.

You must be in good standing and not on the Suspended Persons List to participate in KDE-US Sanctioned and/or Official events. To remain in good standing, you must adhere to all Duelist responsibilities outlined in this and other official documents.

You must meet any age, nationality, and/or invitation for tournaments restricted by age, region, or invitations

Examples	<i>Dragon Duel</i>
	<i>National Championship</i>
	<i>World Championship Qualifiers</i>

B. Ineligible Persons

Any tournament official associated with or working an event cannot play in that specific event. This includes, but is not limited to, the Judge Staff, Scorekeeper, Registration Staff, and Tournament Organizer.

Individuals who have been suspended from Official Konami Tournaments may not play in Sanctioned events or Official events. In addition, suspended individuals are prohibited from entering tournament venues.

A list of suspended players can be found at <http://www.yugioh-card.com/en/events/suspended.html>.

- Players must have a CARD GAME ID number and be in good standing in order to compete in a Sanctioned event.
- Suspended players are not considered to be in good standing, and may not register or compete in Sanctioned events.
- Suspended players may not be on the premises of a Sanctioned event or an Official event.
- Suspended players are not automatically reinstated, they must request to be reinstated by e-mailing us-penalty@konami.com on or after the date they are listed as being eligible to do so. Even if their eligibility date has passed, they are still considered to be suspended until such a time as they request reinstatement, and then receive an e-mail from the Konami Penalty Committee informing them they are reinstated to Organized Play.

Individuals who are banned by the rules of the Tournament Organizer, venue, or by local law cannot participate in official events.

Employees of Konami Corporation and their immediate family members (children, parents, spouses, etc.) cannot play in Sanctioned Tier 2 events. There may be exceptions made to this rule, in the case of Bounty tournaments or other special events, which will be announced beforehand.

Employees of partner companies cannot play in Sanctioned Tier 2 events. These include, but are not limited to, VIZ Media, LLC. and 4K Media.

Employees of partner companies responsible for Organized Play (Devir, Halifax – Digital Bros. Division, etc.) cannot play in Sanctioned Tier 2 events taking place in the market they are responsible for. They may, however, participate in any event taking place outside of their market.

C. Head Judge

The Head Judge makes the final call for game play rulings or policy appeals. They require superior knowledge of rulings and tournament policy. No other individual, including the Tournament Organizer or a Konami employee can overturn a game play ruling or tournament policy decision made by the Head Judge.

The Head Judge is responsible for familiarizing themselves with the current and correct rulings and tournament policy, and should not create new ones.

The Head Judge must be physically present and available during the tournament, to deal with event issues and answer appeals promptly. The Head Judge must be adequately prepared to make sure that proper guidelines are followed.

The Head Judge should clearly identify themselves to the players at the start of the tournament and make announcements to the players, informing them of tournament procedures, round start and end times, and any other information they may require.

The Head Judge should act as a mentor for the event's judge staff, and should carefully consider individual judges' strengths and weaknesses when building the staff list and assembling teams. Judges should also receive feedback and evaluation from the Head Judge, consisting of compliments on their strengths and suggestions on how to improve further.

The Head Judge is responsible for communicating accurate information throughout the tournament to both players and event staff.

Only the Head Judge may disqualify people from a Sanctioned event. The Tournament Organizer, Event Manager, or any other member of staff **may not** disqualify people from Sanctioned KDE-US events.

Only the Konami Penalty Committee may suspend players from Sanctioned events.

D. Floor Judge

Judges are expected to be courteous, professional, and on-task while staffing an event. While judging, judges should not engage in trading, long personal conversations, phone calls or other activities that would distract them from the tournament.

Judges may not wear their judge shirt when they are not judging an event.

Judges should respect the authority of their Head Judge and team lead, and must address other members of the tournament staff with respect. Judges must interact with players in a polite manner, and do so without compromising their authority.

Judges are required to adhere to the specific responsibilities assigned to them both on the floor and as members of a specialized unit such as a Deck check or pairings team. In addition, they must be prepared to assist other judges in tasks as they are assigned.

Judges should constantly observe players, and maintain the tournament area by removing trash, pushing in chairs and straightening tables. Judges should actively walk the tournament floor and observe the matches, rather than waiting for a player to call for a judge.

Judges are **required** to step in if they observe any violation of the rules or gameplay. Judges do not need to wait for a player to call for assistance.

When a player calls for a judge, the judge should approach the table, listen to the question, and provide a decision. If either player wishes to appeal the decision, the judge should notify the Head Judge immediately.

Judges are expected to seek out and complete certification tests to match their level of skill to the best of their ability, and should stay current with new rulings and new cards as they are released. Judges are also responsible for knowing the policy and guidelines documents for the games they wish to judge, and must keep themselves informed and well-versed in new documents as they are made available. Judges should actively seek out additional training, and are encouraged to assist their fellow judges in doing the same.

Apart from answering judge calls, judges should refrain from conversing with players engaged in a match, to avoid creating the impression of favoritism. This especially applies to conversations held in a language the opponent doesn't understand.

E. Tournament Organizer

A Tournament Organizer is the person responsible for arranging and running the tournament. Anyone seeking to organize a Sanctioned event should procure a venue that can safely accommodate the expected number of attendees. Venues should be safe, clean, and in compliance with all applicable building and fire codes.

A Tournament Organizer is also responsible for providing staffing for the event and reporting the event results to KDE-US.

Sanctioned events are run at Official Tournament Stores or at venues chosen by approved Tournament Organizers.

Certain criteria must be met in order to run Sanctioned events. Those interested in becoming a Tournament Organizer for a specific event can request more information by e-mailing us-opsupport@konami.com (North America), la-opsupport@konami.com (Latin America and the Caribbean) or yugioh@konami-europe.net (Europe, South Africa, Australia, and New Zealand).

F. Scorekeeper

The Scorekeeper is responsible for creating accurate pairings and additional tournament information throughout the event.

The Scorekeeper is responsible for understanding the Konami Tournament Software (KTS) and all procedures relevant to scorekeeping an event.

G. Spectators

Spectating at an event is a privilege, not a right, for tournament attendees. It is a spectator's duty to remain neutral while observing game play, and to make sure their presence does not disrupt the event.

Spectators should not speak to or communicate with players who are currently engaged in a match, in any way. However, if a spectator notices any violation of game play rules or Tournament Policy, he or she must alert a tournament official immediately.

Spectators must be prepared to move if their presence blocks judge access, throughways, fire exits, or any other paths identified by tournament staff. Spectators will be asked to move if their presence is distracting to any of the players. If a judge or tournament official instructs a spectator to move, he or she must comply.

H. Media

Members of the media who wish to attend any Sanctioned event to create written, photographic, audio, or video content must contact the Tournament Organizer and KDE in advance of the event. Media representatives should be prepared to provide evidence of their association with a news outlet or reputable entity in the gaming industry at the beginning of the event or before the event begins.

Members of the media are responsible to know and adhere to all applicable laws concerning privacy.

Any member of the media approved to cover an event agrees to provide, as well as assume liability, for all of his or her own equipment and employees. Guests from the media must abide by the same rules set for spectators, and are expected to defer to tournament officials and KDE employees.

Members of the media are required to obtain their own written releases from all affected participants at the event.

II. Duelist Responsibilities

A. Konami Card Game Network (KCGN) CARD GAME ID Number

KCGN is the global player identification and ranking system used by Konami. You must register for a KCGN CARD GAME ID number in order to participate in a KDE-US Sanctioned or Official event. Once your ID card or number has been issued, it is your responsibility to ensure you do not lose or forget it. You will be required to provide your CARD GAME ID number when registering for a tournament. Your CARD GAME ID number belongs to you, and may not be used by anyone else for any purpose.

- You may not register for more than one CARD GAME ID number at a time.
- If you previously had a COSSY ID, that same number will carry over as your CARD GAME ID. You will still need to register online at <https://cardgame-network.konami.net/>.
- If you do not remember your previous 10-digit ID number, it is possible that your Official Tournament Store, Regional TO or the registration staff at a Premier Event such as a YCS can assist you in finding your correct ID number. Duelists should avoid acquiring new CARD GAME ID numbers if the previous ID number can be found.
- If you did not previously have a COSSY ID number, you can get a KCGN CARD GAME ID number by registering online at <https://cardgame-network.konami.net/>.

You are responsible for the maintenance of your own KCGN information. This includes keeping contact information up to date, as well as regularly reviewing your tournament history for accuracy.

If you have questions about your CARD GAME ID that are not covered above, please contact us-opsupport@konami.com (North America), la-opsupport@konami.com (Latin America and the Caribbean) or yugioh@konami-europe.net (Europe, South Africa, Australia, and New Zealand).

A. Identification

You should be prepared to produce personal identification if asked to do so by a tournament official. School ID cards, state ID cards, driver's licenses, passports and birth certificates are all valid forms of identification. You may contact the Tournament Organizer ahead of time if you have questions about providing identification.

Approved identification is required at all events with an age limit or an invite structure. This includes, but is not limited to Regional Qualifiers, Dragon Duels, Yu-Gi-Oh! Championship Series, and World Championship Qualifiers.

B. Tournament Materials

You must bring a tournament legal Deck (to constructed events); as well as extra card sleeves, paper and pencils to track scores and fill out Match Result slips, and any dice, coins, counters or tokens that your Deck requires. You may use a calculator to help keep track of score, but must keep a paper record as well to help resolve disputes.

In addition to tournament supplies, you must bring the appropriate entry fee, your Konami Player ID card and/or COSSY barcode sticker, and personal identification.

C. Understand Rulings

You should read and understand the latest version of the rulebook for the game you are playing, as well as look over rulings that apply to the cards you have included in your Deck. While there will be judges at a Sanctioned tournament, you will have a better tournament experience if you prepare yourself beforehand by knowing what your cards do, and how the game works.

D. Unacceptable Behavior

Participants in all Sanctioned Konami tournaments are expected to display good sportsmanship when interacting with other tournament attendees, players, judges, and staff. Rude language, disruptive or disrespectful behavior, inappropriate clothing or supplies, unwarranted accusations, and disregard for the safety of others or the condition of the venue will not be tolerated.

You should read the Penalty Guideline document before attending an event, to better understand how you are expected to behave.

If an attendee arrives at an event intoxicated or under the influence of any substance, or becomes so during the course of the event; he or she will be Disqualified and removed from the venue and may be subject to additional penalties.

E. Communication

It is your responsibility to relay accurate information at all times. You should clearly communicate your actions during game play, and ask questions of your opponent or a tournament official if you are unsure about something. You are obligated to notify an opponent if he or she fails to follow any game rules, including effects he or she may be playing incorrectly. Failure to do so may result in penalties.

Players should request the assistance of a judge at the time an issue arises, rather than afterwards.

Players may not retract moves once they have committed to them.

III. Tournament Information

A. Tournament Tiers

There are two tiers of tournaments in KDE Organized Play:

- Tier 1 – Casual: This encompasses Official Tournament Store level events, Pegasus Challenge, and Duelist Leagues.
- Tier 2 – Competitive: This encompasses Regional Qualifiers, Dragon Duels, Yu-Gi-Oh! TRADING CARD GAME Extravaganzas, Yu-Gi-Oh! Championship Series, National Championships, World Championship Qualifiers, and World Championships.

Tier 1 events are designed for casual play and light to moderate rules enforcement. Tournament Policy and Penalty Guidelines apply at these levels, but the focus is on fostering a friendly and fun atmosphere for Duelists to play in. These events will use the End of Match Procedure for Single-Elimination Rounds. This means that matches will not have Draws at this level.

Tier 2 events are prestigious events, and will have the highest level of rules and penalty enforcement. Dragon Duel events must be run as Tier 2 events. The Swiss Rounds of these events will use the End of Match Procedure for Swiss Rounds. This means matches during Swiss Rounds can end in a Draw.

B. Sanctioning

Only Official Tournament Stores (OTS) and approved Tournament Organizers may Sanction KDE-US Trading Card Game tournaments.

A Tournament Organizer must register for an official tournament with KDE-USonami no later than one business day prior to the day of the tournament before it becomes a Sanctioned tournament.

Tournament Organizers must keep all tournament records for 6 months after a tournament's completion date, which includes keeping backup copies or printed copies of the tournament details.

At least four players must compete in order for an event to be Sanctioned.

C. Tournament Match Structure

A tournament can be organized as a Single-Elimination event or as an event using Swiss Rounds.

- **Single-Elimination:** Half of the tournament is eliminated after each round – the losing player is out of the tournament, while the winner goes on to the next round. This continues until only one player remains, who is then declared the winner.
- **Swiss Round:** Players are paired off based on each player's win/loss record. Players are not eliminated when they lose a match during Swiss tournaments – instead, they will continue to be paired against players with similar records for all remaining rounds of the event. A player may choose to drop from a Swiss tournament at any time by either filling out the proper information on a Match Result slip or by notifying the official Scorekeeper prior to the pairing of the following round.

D. Number of Rounds

The number of rounds played in a Konami Sanctioned tournament is based on the total number of players enrolled in the event. If specific operations documents have been provided for an event, any round information set forth within that operations document will take precedence.

Tournament Organizers may run events with no Top Cut, provided that information is advertised before the start of the event. The number of rounds and cut (if any) must be advertised before the start of the event, and cannot be changed afterwards. If a tournament operations document specifies that a Top Cut must be performed, TOs may not deviate from that document.

Number of Participants*	Number of Swiss Rounds	Playoff Top Cut
4 – 8	3 Rounds of Swiss	None
9 – 16	4 Rounds of Swiss	Top 4
17 – 32	5 Rounds of Swiss	Top 4
33 – 64	6 Rounds of Swiss	Top 8
65 – 128	7 Rounds of Swiss	Top 8
129 – 256	8 Rounds of Swiss	Top 16
257 – 512	9 Rounds of Swiss	Top 16
513 – 1024	10 Rounds of Swiss	Top 32
1025 – 2048	11 Rounds of Swiss	Top 32
2049 or More	12 Rounds of Swiss	Top 64

*Number of Swiss Rounds are based on how many total participants are enrolled in the tournament once Registration closes. All players added to the event after registration closes should not affect the number of Swiss Rounds. Playoff Top Cut is based on the total number of enrolled participants, which includes any late Registrations.

Examples	<i>After registration closes, 127 Players have registered for the tournament. This means that the tournament will have 7 Rounds of Swiss, followed by a Top 8 Playoff cut. Two players register late, beginning the tournament with a Round 1 Match Loss. Even though this brings the attendance total to 129, only 7 Rounds of Swiss are played, but the Top Cut is changed from Top 8 to Top 16.</i>
-----------------	--

E. Publishing Tournament Information

KDE-US reserves the right to publish event information such as a player's Deck List, photographs, interviews or video reproduction of any official KDE-US Trading Card Game tournament.

F. Reporting

It is a Tournament Organizer's responsibility to report Sanctioned tournament details to KDE-US via KCGN or Konami Tournament Software export within one week of the tournament's completion.

IV. Tournament Rules

A. Sportsmanship

Players are expected to be respectful and behave in a polite manner towards all tournament attendees, players, judges, tournament officials, and spectators. Players who engage in unsporting conduct or behavior that endangers or detracts from the event, will be removed from the venue. Players should read the Konami Official Penalty Guidelines for a better understanding of acceptable behavior at tournaments.

B. Reporting the Match Result

Players are responsible to accurately report the result of their Match.

The outcome of a Match cannot be changed once the Match has concluded.

The Match Result Slip cannot be altered once it has been submitted.

Examples	<i>During Game 3 of a Match, Player A deals enough damage to bring his opponent's Life Points to 0. The Match has officially ended, with Player A as the winner. Even though the Match Result Slip has not been signed yet, Player A is no longer allowed to concede to his opponent as the Match already has an official result.</i>
-----------------	---

C. Bribery & Collusion

The outcome of a Match may not be influenced by any outside incentives or additional prizes/compensation. Offering or accepting a bribe is against tournament policy and will result in a Disqualification from the event.

D. Random Outcome

Players or tournament officials may not randomly determine an outcome of a match, such as flipping a coin or rolling a die. Failure to follow this rule will result in a Disqualification from the event.

E. Tie-Breakers

The following are the tiebreakers used to determine a player's ranking in the tournament.

1. Match Wins
2. Opponents' match-win percentage
3. Opponent's opponents' match-win percentage

F. Note Taking

Note taking is not allowed in Sanctioned KDE-US tournaments, with the following exceptions:

- Players in Sanctioned Yu-Gi-Oh! TCG tournaments should keep a written record of both players' Life Points for each Duel.
- Tracking of mandatory effect reminders.
- Tracking of turns and turn counters.

Examples	<i>A player takes 1,000 points of damage to his Life Points. Both players should track the damage taken and if possible, the source of the damage.</i>
	<i>A card effect states that the player may not draw a card during her next turn.</i>
	<i>A player activates a card whose effect lasts for 3 turns. Both players should track how many turns have passed after the card activation.</i>

These notes should be taken quickly, so as not to disrupt the flow of the Game.

Players may not use outside notes during a Match, which includes in between Games of a Match.

Players may consult a copy of their Deck list between Matches, to ensure they have restored their Deck to the proper state.

G. Game State

Players are responsible to accurately represent the Game State at all times, and truthfully answer questions about any aspect of the Game State that is considered to be public knowledge.

Both players must indicate to one another all components of their Deck. Depending upon the game, this can include a Main Deck, Side Deck, and Extra Deck.

Cards must be laid out according to the pattern established by a game's Game Mat. Players may not create their own layouts unless it is deemed necessary by the Head Judge due to a disability, etc. All cards, including in-play cards, Decks, etc., must be kept in their appropriate areas.

Players may not shift the positions of cards once they have been played to the field, unless directed to do so by a card effect or game mechanic.

If a player requires tokens or counters, the player should use a sufficient quantity of tokens or counters to accurately represent each game effect. Players should never use any object (including cards) for a token or counter if it could be mistaken for another game element.

Keeping track of Life Points for the game must be done in view of both players.

Players must keep their hands and cards visible and above the table at all times.

H. Sleeves

A player may choose to use plastic card sleeves to protect their cards during the course of a tournament. All sleeves must be identical in terms of color, wear, and design, and all cards must be placed into sleeves in the same direction and manner.

Players may not “double sleeve” their decks. Only one sleeve may be used on each card.

Players may have only one card in each sleeve. Players may not have anything but that card in the sleeve.

At Tier 2 events, the quality of player’s sleeves will be held to a higher standard. Any sleeves with noticeable patterns or wear may be subject to penalties.

Sleeves with highly reflective backs are not allowed.

Sleeves with artwork, provided they are all identical, are allowed.

Sleeves with excessive wear, noticeable patterns, or other identifying characteristics may be disallowed by the Head Judge. If you have a question about the legality of your sleeves, the Head Judge is the final arbiter as to whether or not your sleeves can be used in that tournament.

I. Shuffling

A player’s Deck must be randomized by using an accepted shuffling method (riffle, pile, Hindu, etc.) and then cut. This must be done at the start of every game, and whenever a game mechanic requires the player to shuffle their Deck.

Each player must thoroughly randomize (shuffle) their Deck where the opponent can see.

- A player cannot check or order the cards when shuffling
- A player cannot pre-sort their Deck (sorting Monsters/Spell/Trap, etc) without thoroughly shuffling the Deck afterwards.

After the Deck is thoroughly randomized, it must be presented to the opponent. The opponent must randomize (shuffle) the Deck further and then return it to the original owner.

The owner may then “cut” their Deck. If they do, they must present it to the opponent who must “cut” the Deck again and then present it back to the original owner. No additional randomization may be done to the Deck after this point.

By presenting your Deck to your opponent, you agree that you have sufficiently randomized your Deck.

J. Marked Cards

A card is considered to be marked if it can be identified without seeing the front of the card. This includes but is not limited to warping, creases, discoloration, card thickness or texture, and water-marks. If the cards are sleeved, this includes but is not limited to sleeves with identifying marks or other unique characteristics that distinguish it from other cards in the Deck. Cards that have been physically altered to add or subtract layers of foil, etc, are not legal for Sanctioned tournament play.

If players are using sleeves to protect their cards, they should take extra precautions to ensure that their sleeves do not become marked during the course of a tournament. The Head Judge may require a player to re-sleeve their Deck should they feel that the sleeves are marked.

The Head Judge may require a player to replace a marked card(s) during the course of a tournament. If the player cannot replace the card(s) before their next Match begins, appropriate tardiness penalties at three minutes and ten minutes will begin to apply, as the player no longer has a Deck that matches their registered Deck list. The tardiness penalties are in addition to the penalties that were applied for Marked Cards.

On extremely rare occasions, a player may pull a miscut or misprinted card from a product. These cards are not considered to be tournament legal if they can be identified without seeing the front of the card.

If they cannot replace the card(s), or choose not to replace the card by the 10-minute mark in the Match, they will be marked as a no-show and dropped from the tournament. If the player does not wish to drop from the tournament, they must notify the scorekeeper.

K. Proxy Cards

Proxies (cards used to represent a different card) are not allowed in Sanctioned events. Photocopies, cards that have been relabeled, etc. are considered “proxies” and cannot be used in your Deck in a Sanctioned tournament.

L. Counterfeit Cards

Counterfeit cards (fake cards that are created by third-party companies that can resemble officially released cards) cannot be used in your Deck in a Sanctioned tournament. If anyone has any information regarding the sale and distribution of counterfeit cards, they should e-mail all relevant information to us-opsupport@konami.com (North America), la-opsupport@konami.com (Latin America and the Caribbean) or yugioh@konami-europe.net (Europe, South Africa, Australia, and New Zealand).

M. Concessions

A player may concede a game at any time during the course of a Game or Match (including during the opponent’s turn), provided he or she has not been offered or has accepted any sort of compensation for doing so. Once a Match has concluded, players may not concede to the opponent. Players who concede in exchange for cash, prizes, or other incentives are guilty of Bribery and Collusion, which violate the Konami Penalty Guidelines.

V. Tournament Infractions

A. Slow Play

This category covers infractions associated with the pace of a player's game. Players are expected to play at a reasonable speed, regardless of the complexity of the game situation.

B. Wagering

Players, spectators, and tournament officials may not wager or bet on the outcome of any Matches or Games in an official Konami Trading Card Game Tournament. This includes, but is not limited to, unofficial Matches or Games being played at a Sanctioned event.

C. Cheating

KDE-USonami holds a zero-tolerance policy towards cheating. If a player is discovered to have cheated in an event, the Head Judge will issue a Disqualification and will send their report to the Konami Penalty Committee. The Konami Penalty Committee will then review the incident and determine if any additional penalties are required.

D. Unsporting Conduct

Players who engage in unsporting conduct or behavior that endangers or detracts from the event, will be removed from the venue and be subject to additional penalties.

E. Buying and Selling Cards

Tournament attendees should familiarize themselves with the rules on buying, selling, and trading at each venue. Many venues do not allow attendees to buy and sell from one another, and attendees who violate this policy may incur a penalty.

Predatory trading practices (targeting inexperienced or young players for extremely unbalanced trades) are not tolerated. Attendees who engage in such practices will be removed from the venue and are subject to additional penalties.

F. Prohibited Items

Attendees may not bring any items into the tournament venue that are prohibited by law in their area. In addition, unlawful items, weapons, and illegal drugs are not allowed at Sanctioned events. Attendees who bring any such items to a tournament venue will incur penalties, including Disqualification and removal from the event, and risk suspension from Organized Play.

The use of electronic and/or vapor cigarettes is not permitted on the tournament floor, or in areas designated for tournament attendees.

G. Privileged Information

Persons who publicize privileged information, such as set contents, card spoilers, etc. for KDE-US brands before such information is officially released to the public, will incur penalties including suspension from participation in Organized Play and/or removal as an official Tournament Organizer.

H. Impersonation of Konami Employees or Representatives

Persons who falsely present themselves as employees or representatives of Konami will incur penalties including suspension from participation in Organized Play and/or removal as an official Tournament Organizer.

I. Suspension

Players who have been disqualified from an event are subject to review by the Konami Penalty Committee, to determine if further penalties will be assigned. Disqualified players are responsible for filling out a disqualification form at the event, which provides them with the opportunity to tell their side of the story. Disqualification reports will also be collected from the Head Judge, and any opponents, spectators, or other tournament officials who were involved or witness to the incident. Authors of Disqualification reports may be contacted by Konami for further detail or clarification about the incident.

Disqualification reports will be reviewed by the Konami Penalty Committee, and the player(s) will be contacted with the committee's findings. In some instances, no further action will be considered necessary. In others, the player(s) may receive a suspension from Konami's Organized Play program.

Suspended players who have provided a correct e-mail address will be notified of their suspension and the date on which they may apply for reinstatement into the Organized Play program. Players who fail to provide a valid e-mail address or who decline completing the proper paperwork are still subject to the terms and length of their suspension.

Suspended players will not be automatically reinstated into Organized Play. On or after the date they are eligible for reinstatement, they must contact the Konami Penalty Committee at us-penalty@konami.com to request reinstatement. Suspended players who have requested reinstatement will then be notified by the Konami Penalty Committee whether or not they have been reinstated.

Even after the eligibility date has passed, players are still considered to be suspended until they have both applied apply for reinstatement and received a notification from Konami that they are once again a player in good standing

The infraction does not need to have occurred inside the venue as long as it impacts or connects to a Sanctioned event. Konami reserves the right to suspend players from Konami's Organized Play program for misbehavior not connected to a specific event.

Players do not need to have been disqualified in order to warrant additional penalties from the Konami Penalty Committee.

If a player is charged with a criminal offense, whether or not that offense took place at a tournament, that player can be automatically entered into the suspended player list and may no longer participate in Konami Organized Play.

A suspended player may not participate in or attend any Sanctioned Konami Organized Play event or other official events such as a Sneak Peek, until such a time as he or she has been reinstated as a player in good standing. Players with questions about their status may e-mail us-penalty@konami.com for more information.
