

Konami Digital Entertainment, Inc. (KDE-US)
Official KDE-US Yu-Gi-Oh! TRADING CARD GAME Tournament Policy
North & Latin America Territories

In Effect as of November 17, 2020

This Yu-Gi-Oh! TRADING CARD GAME Tournament Policy document exists to explain what is required of all attendees - Duelists, judges, event staff, spectators, etc., at any KDE-US Yu-Gi-Oh! TRADING CARD GAME (TCG) tournament.

Tournament Policy documents help to keep events consistent, so that attendees will always know what to expect at any KDE-US Yu-Gi-Oh! TCG event.

Everyone who attends a KDE-US Yu-Gi-Oh! TCG tournament is expected to read, understand, and adhere to all Tournament Policy and Penalty Guideline documents.

For a complete understanding of tournament policies, please read all documents:

- Official KDE-US Yu-Gi-Oh! TRADING CARD GAME Tournament Policy
- Official KDE-US Tournament Infractions and Penalties Policy Any addendums which are posted on the yugioh-card.com website

Specific events, such as the Yu-Gi-Oh! Championship Series (YCS), Regional Qualifier tournaments, etc., may have a standardized Tournament Operations Documents (Ops Doc) and/or Frequently Asked Questions (FAQs). **Any tournament-specific rules in these Ops Docs or FAQs will supersede directions given in this policy document.**

Tournament Policy documents will be updated on an as-needed-basis. There is not a set schedule for updates, and the most current version of any KDE-US Tournament Policy document can be found on the official Yu-Gi-Oh! TCG website for that specific region (links below).

I. Preparing to Play

A. Duelists

To participate in a Sanctioned or Official KDE-US tournament you will need a Konami Card Game Network (“KCGN”) CARD GAME ID number, or more commonly referenced as a CARD GAME ID. If you do not have one, you can register a KCGN account online, or you can obtain a CARD GAME ID at a Sanctioned event or at a local Official Tournament Store (OTS).

You should keep a record of your 10-digit CARD GAME ID in case you lose the card or forget the number.

- Please note that Duelists at Sanctioned and Official KDE-US tournaments will be referred to by their CARD GAME ID and their first name(s) and last name(s) as the names appear on their identification.
- Physical CARD GAME ID cards can only be given out at sanctioned events or at a local OTS. Duelists may print out a copy of their own CARD GAME ID card by logging into their KCGN account. Physical copies of a CARD GAME ID card cannot be replaced.
- Duelists do not need to have their card available in order to participate in a Sanctioned event, they simply need to know their CARD GAME ID.

For more information on KCGN or your CARD GAME ID, please start here:

- <https://cardgame-network.konami.net/>

You must be in good standing and not on the Suspended Persons List (either listed online or in KCGN) in order to participate in KDE-US Sanctioned and/or Official events.

To remain in good standing, you must adhere to all Duelist responsibilities outlined in this and other official documents.

You must meet any age, nationality, and/or invitation for tournaments restricted by age, region, or invitations.

Examples	<i>Dragon Duel</i>
	<i>National Championship</i>
	<i>World Championship Qualifiers</i>

B. Ineligible Duelists

Any tournament official associated with or working an event cannot play in that specific event.

This includes, but is not limited to the Judge Staff, Scorekeeper, Registration Staff, Vendor, Media, OTS Owner, Event Manager, and Tournament Organizer.

Persons who have been suspended from KDE Organized Play may not play, judge, or act as event staff in any Sanctioned event or any Official tournaments such as Premiere! events. **In addition, suspended persons are prohibited from entering tournament venues during a Sanctioned or Official tournament.**

A list of Suspended Persons can be found at <https://www.yugioh-card.com/en/events/suspended.html>.

- You must have a CARD GAME ID and be in good standing in order to compete in a Sanctioned or Official event.
- Suspended persons are not considered to be in good standing, and may not register, judge, vend, or compete in Sanctioned or Official events.
- Suspended persons may not be on the premises of any Sanctioned or Official events.
- Suspended persons are not automatically reinstated, they must request to be reinstated by e-mailing us-penalty@konami.com on or after the date they are listed as being eligible to do so. Even if their eligibility date has passed, they are still considered to be suspended until such a time as they have requested reinstatement **and** received an e-mail from the KDE Penalty Committee informing them that they are reinstated to Organized Play.

Persons who are banned by the rules of the Tournament Organizer, venue, or by local law cannot participate in Sanctioned or Official events held by that Tournament Organizer.

Employees of Konami Corporation and its subsidiaries and their immediate family members (children, parents, and spouses) cannot play in Sanctioned Tier 2 or higher events.

- There may be exceptions made to this rule, in the case of Bounty tournaments or other special events, which will be announced beforehand.

Employees of partner companies or any vendor that may have access to card information before official on sale dates cannot participate in Sanctioned Tier 2 or higher events. These include, but are not limited to KCM-NY.

Employees of partner companies responsible for Organized Play (Devir, etc.) cannot play in Sanctioned Tier 2 or higher events taking place in the market for which they are responsible. They may, however, participate in any event taking place outside of their market, unless they also have access to card information before official on sale dates.

C. Head Judge

The Head Judge oversees the tournament and the rest of the judge staff.

If there is only one judge on staff for a tournament, that judge assumes the role of the Head Judge.

There can only be one Head Judge for a Sanctioned or Official Yu-Gi-Oh! TCG tournament.

The Head Judge makes the final call for game play rulings and/or policy appeals. No other individual, including the Tournament Organizer or a Konami employee, can overturn a game play ruling or tournament policy decision made by the Head Judge.

The Head Judge should take this responsibility seriously and should familiarize themselves with and properly enforce current and correct rulings and tournament policy.

The Head Judge should not create new tournament policies.

The Head Judge needs to be physically present and available during the tournament, to deal with event issues and answer appeals promptly. The Head Judge should be adequately prepared to ensure proper guidelines are followed.

The Head Judge should clearly identify themselves to the players at the start of the tournament. The Head Judge is responsible for making announcements to tournament attendees to inform them of tournament procedures, round start and end times, and any other information they may require.

The Head Judge is responsible for communicating accurate information throughout the tournament to Duelists and event staff.

Time permitting, the Head Judge should act as a mentor for the event's judge staff and should carefully consider individual judges' strengths and weaknesses when building the staff list and assembling teams. It is beneficial for judges to receive feedback and evaluation from the Head Judge, discussing the judge's strengths as well as anything the judge needs to improve upon.

Only the Head Judge may disqualify people from a Sanctioned event.

- The Tournament Organizer, Event Manager, or any other member of staff **may not** disqualify people from Sanctioned or Official KDE-US events.

At Tier 3 events, there will usually be one or more Assistant Head Judges on staff.

Assistant Head Judges at Tier 3 events can answer appeals and handle other responsibilities of the Head Judge.

The Public Event Lead of a Tier 3 event can also handle appeals and other responsibilities of a Head Judge, for Public Events only.

Assistant Head Judges cannot overrule any decision made by the Head Judge.

- **Only the KDE-US Penalty Committee may suspend players from Sanctioned and/or Official events.**

D. Floor Judge

Floor judges are present on the tournament floor, answering rulings and policy questions, doing Deck checks, and handling pairing sheets and match result slips.

Judges are expected to be courteous, professional, and on-task while staffing an event. While judging, judges should not engage in trading, long personal conversations, phone calls or other activities that would distract them from the tournament.

Judges may not wear official KDE-US Judge Program judge shirts when they are not judging an event.

Judges should respect the authority of their Head Judge and team lead(s) and address other members of the tournament staff with respect. Judges should interact with Duelists in a polite manner that does not compromise the judge's authority.

Judges should avoid socializing with Duelists or other judges during a tournament.

Judges should adhere to the specific responsibilities assigned to them both on the floor and as members of a specialized unit such as a Deck check or pairings team. In addition, they should be prepared to assist other judges in tasks as they are assigned.

- Judges should constantly observe the tournament, and maintain the tournament area by removing trash, pushing in chairs and straightening tables.
- Judges should actively walk the tournament floor and observe the matches, rather than waiting for a Duelist to call for a judge.
- Judges are **required** to step in if they observe any violation of the rules or game play – judges do not need to wait for Duelists to call for assistance.
- Judges should be careful not to “coach” a Duelist or reveal information on Private Knowledge when responding to questions.
- Judges **should** answer questions about:
 - Game mechanics
 - The legality of the activation of an effect
 - Card text

Questions such as the above should have a bearing on the current Game State.

Judges do not need to wait for the Duelist to attempt an action in order to answer any of the above questions and should not instruct Duelists to attempt an action before answering their question.

- Judges should not answer questions that would:
 - Provide Duelists with specific strategy advice
 - Instruct a Duelist how best to play their cards
 - Reveal Private Knowledge
 - Involve a discussion of cards that are not a part of the current Game State

<p>Examples of Questions that should be answered</p>	<p><i>Duelist A has a face-up Beatrice, Lady of the Eternal on the field that has its effects currently negated by Infinite Impermanence. Duelist B has three or more Spell Cards in their Graveyard.</i></p> <p><i>During Duelist B's Main Phase, Duelist B activates Sky Striker Mecha - Widow Anchor, targeting the Beatrice, Lady of the Eternal.</i></p> <p><i>Duelist A informs Duelist B that he will not be able to take control of his Beatrice, Lady of the Eternal, as it has already been negated and cannot be negated again. Player B calls for a judge.</i></p> <p><i>The judge should inform the Duelists that because Beatrice, Lady of the Eternal was already negated by another card, it cannot be targeted by Sky Striker Mecha - Widow Anchor and it is an illegal activation. The judge should then fix the Game State as necessary.</i></p>
	<p><i>Duelist A has a face-up Beatrice, Lady of the Eternal on the field that has its effects currently negated by Infinite Impermanence. Duelist B has three or more Spell Cards in their Graveyard. During Duelist B's Main Phase, Duelist B calls for a judge. Duelist B asks the judge if they would be able to take control of Beatrice, Lady of the Eternal with Sky Striker Mecha - Widow Anchor.</i></p> <p><i>Without revealing the Sky Striker Mecha - Widow Anchor to Duelist A, the judge should inform Duelist B that the activation of that card would be illegal. This is protecting the Game State and is not coaching.</i></p>
	<p><i>Duelist A Normal Summons Trickstar Candina and activates its effect with four (4) other cards in his hand. Duelist B has Infinite Impermanence and Ash Blossom & Joyous Spring in his hand, and no cards on his side of the field.</i></p> <p><i>Duelist B calls a judge and asks, "Which one of these cards can I use?", showing the judge his hand.</i></p> <p><i>The judge should inform Duelist B (without revealing the contents of his hand) that either of the two cards are legal to activate at this time. The judge should not provide additional information until after the player makes the decision to activate a card and it is time to resolve the chain.</i></p>
	<p><i>Duelist A has Gozen Match and Thunder Dragon Titan on the field, and more than two (2) cards in his Graveyard, and Duelist B has Sky Striker Ace - Kagari on the field, Sky Striker Maneuver - Afterburners! in his hand, and three (3) or more Spell Cards in his Graveyard.</i></p>

	<p>In Duelist B's Main Phase he calls for a judge. Duelist B shows his hand to the judge and asks, "If I use this on his monster, but it does not get destroyed, can I still destroy 1 Spell/Trap on the field?"</p> <p>Without revealing the card in question or giving a yes/no answer, the Judge should quickly explain Problem-Solving Card Text conjunctions to the Duelists, and how those conjunctions are used to determine how the effects will resolve.</p>
<p>Examples of Questions that should not be answered</p>	<p>Duelist A has a face-up Beatrice, Lady of the Eternal on the field. Duelist B has a set Infinite Impermanence, Sky Striker Mecha - Widow Anchor in the hand, and three or more Spell Cards in their Graveyard. On Duelist B's turn, Duelist A activates the effect of Beatrice, Lady of the Eternal.</p> <p>Duelist B calls for a judge and shows him the cards in question. She asks if she would be able to use Sky Striker Mecha - Widow Anchor on Beatrice, Lady of the Eternal after Infinite Impermanence resolves.</p> <p>Without informing Duelist A of the cards in question, the judge should inform Duelist B that the question cannot be answered because it could influence her decisions and therefore considered coaching.</p>
	<p>Duelist A Normal Summons Trickstar Candina and activates its effect with four (4) other cards in his hand. Duelist B has Infinite Impermanence and Ash Blossom & Joyous Spring in his hand, and no cards on his side of the field.</p> <p>Duelist B calls a judge and asks "Which one of these would stop his Trickstar Candina if he has Trickstar Lycoris?", showing the judge his hand.</p> <p>The judge should inform Duelist B that he cannot answer that question, as it would be coaching.</p>
	<p>Duelist A has Gozen Match and Ultimate Conductor Tyranno in her hand.</p> <p>Duelist B has Sky Striker Ace - Kagari on the field, and two (2) copies of Sky Striker Mobilize - Engage! in his hand.</p> <p>Duelist B activates Sky Striker Mobilize - Engage! and while trying to decide what to search, calls for a judge. Duelist B asks the judge "What will happen if she has Gozen Match and I use Sky Striker Mecha - Widow Anchor?"</p> <p>The judge should inform Duelist B that she cannot answer questions that might influence his strategic decisions.</p>

When a Duelist calls for a judge, the judge should:

- Approach the table
- Listen carefully to the question
- Ask for additional information if necessary, seeking confirmation from all Duelists involved
- Make a decision
- Issue the ruling
- Duelists have the right to appeal a ruling or policy decision made by a floor judge. If either Duelist wishes to appeal, the judge should notify the Head Judge immediately.
 - If the initial decision was made by the Head Judge, or an Assistant Head Judge (Tier 3 events), their decision is final and cannot be appealed.

Judges should stay current with new rulings and new cards as they are released. Judges are also responsible for knowing policy documents and should keep themselves informed and well-versed in new documents as they are made available.

Judges should actively seek out additional training and assist fellow judges in doing the same.

Judges are encouraged to complete certification tests to assess their ability and knowledge.

Unless they are answering a judge call or examining a current game, judges should refrain from conversing with Duelists engaged in a Match, to avoid distracting them or creating the impression of favoritism. This especially applies to conversations held in a language the opponent doesn't understand.

E. Tournament Organizer

A Tournament Organizer (TO) is the person responsible for arranging and running the tournament. In some cases, this may or may not be the Owner of the OTS.

Anyone seeking to organize a Sanctioned or Official event should procure a venue that can safely accommodate the expected number of attendees. Venues should be safe, clean, and in compliance with all applicable building and fire codes.

TOs/OTS owners/Event Managers must abide by all relevant Ops Docs, tournament policy, card legality, etc., when organizing any Sanctioned and/or Official Yu-Gi-Oh! TCG tournament.

A TO is also responsible for providing staffing for the event and reporting the event results to KDE-US.

Sanctioned and Official events are run at OTS locations or at KDE-US pre-approved venues chosen by approved Tournament Organizers.

Certain criteria must be met in order to run Sanctioned and/or Official events. Those interested in becoming a TO for a specific event can request more information by e-mailing us-opsupport@konami.com (North America) or la-opsupport@konami.com (Latin America and the Caribbean).

F. Event Manager

The TO may choose to delegate an Event Manager to oversee the event.

The Event Manager acts on behalf of the TO when he or she is not present and assists with the overall management of the event. If the TO is not present at the venue, the Event Manager is responsible for fulfilling all agreements made with controllers of the venue before leaving, as well as the resolution of any attendee issues.

G. Scorekeeper

The Scorekeeper is responsible for creating accurate pairings and additional tournament information throughout the event.

The Scorekeeper is responsible for understanding the program being utilized to run the event, such as Konami Tournament Software (KTS) and/or Konami Card Game Network (KCGN), and all procedures relevant to scorekeeping an event.

- All Tier 2 and higher events are run using the Konami Tournament Software (KTS).

Whenever enrolling Duelists into a tournament or registering Judges and Staff into an event using KTS, Scorekeepers are required to use that individual's full name. Nicknames or abbreviated names must not be used.

H. Spectators

Spectating at an event is a privilege, not a right, for tournament attendees. It is a spectator's duty to remain neutral while observing game play, and to make sure their presence does not disrupt the event.

- At the discretion of the Head Judge, spectating of a tournament may be limited or restricted.

Spectators must abide by the following rules:

- Spectators should not speak to or communicate in any way with Duelists who are currently engaged in a match.
- If a spectator notices any violation of game play rules or Tournament Policy, they must alert a tournament official immediately.
- Spectators must be prepared to move if their presence blocks judge access, throughways, fire exits, or any other paths identified by tournament staff.
- Spectators will be asked to move if their presence is distracting to any of the Duelists. If a judge or tournament official instructs a spectator to move, they must comply.

I. Media

Select Tier 3 events may include a Fan Content Area, where event attendees can create photo and video content (interviews, Deck profiles, etc.) for social media use. Usage rules apply for the Fan Content Area.

- Users must sign a form and agree to abide by the Fan Content Area requirements.
- Users must sign up for a session to use the area, a form will be available on site.
- Individual sessions may be limited as to time, to ensure fair use for everyone. Refer to the event FAQ and on-site Fan Content Area staff for more information.
- Table space, backdrops, and a limited number of power drops (depending on venue) are available in the Fan Content Area for content creators.
- Attendees may not create their own content in any other area of the event, they may only do so in the Fan Content Area.
- Please see event FAQs for more information on the Fan Content Area.

Members of the media who wish to attend any Sanctioned or Official event to create written, photographic, audio, or video content must follow these rules:

- Media pass requests must be approved and fulfilled by Konami.
- Media should be prepared to provide evidence of their association with a news outlet or reputable entity in the gaming industry prior to the event.
- Events to be capped at three (3) media channels or outlets.
- Each approved channel will be provided a max of two (2) media passes (one for talent, one for cameraperson). Additional passes for media channels featuring more than one talent on-screen will be evaluated on a case-by-case basis.
- Media passes may be revoked at any time by KDE-US for any reason.

On-Site Conduct

- Media is responsible to know and adhere to all applicable laws concerning privacy.
- Media must conform to all rules and policies related to the tournament and event.
- Media is responsible for familiarizing themselves with rules and policies prior to covering the event.
- Media must abide by all requests made by official Konami representatives.
- Media agrees to provide and assume liability for all of their own equipment and employees.

Event Content

- Content must be sent to Konami for formal review and approval prior to the footage going live.
- Content may not be live streamed, since Konami retains the right to approve content before posting, unless filmed in the designated Fan Content Area. If content is filmed in the Fan Content Area, then the terms and conditions applicable to the Fan Content Area will apply to all approved Media.
- Content may not disparage the brand, products, venue, attendees, or staff in any way. Language and presentation should reflect an environment that includes children and families.

On-Site Recording

- Media are required to obtain their own written releases from impacted attendees at the event.
- Media are required to obtain their own written releases from impacted attendees' legal guardian if the impacted participant is underage.
- Media may not interfere with any ongoing match or tournament proceeding.
- Media may not speak to or communicate in any way with a participant engaged in a match.
- Media may be asked to move if their presence is distracting or interfering in any way.

Equipment

- All equipment must be used in a manner that does not interfere with the tournament, impede traffic flow, or create a safety hazard.
- Media must always keep their equipment on their person - equipment may not be left unattended or in hallways/areas with heavy foot traffic.

Any media member wishing to attend an event, should contact teamygo@hkstrategies.com for more information.

II. Duelist Responsibilities

A. Konami Card Game Network (KCGN) CARD GAME ID Number

KCGN is the global player identification and ranking system used by KDE-US. You must register for a KCGN CARD GAME ID number in order to participate in a KDE-US Sanctioned or Official event. Once your CARD GAME ID number and/or card has been issued, it is your responsibility to ensure you do not lose or forget it. You will be required to provide your CARD GAME ID number when registering for a tournament. Your CARD GAME ID number belongs to you, and may not be used by anyone else for any purpose.

- You may not register for more than one CARD GAME ID at a time.
- If you previously had a COSSY ID, that same number will carry over as your CARD GAME ID. You will still need to register online at <https://cardgame-network.konami.net/>.
- If you do not remember your previous 10-digit ID number, it is possible that your OTS, Regional TO or the registration staff at a Tier 3 event such as a YCS can help you find your correct CARD GAME ID. Duelists should avoid acquiring new CARD GAME IDs if the previous ID number can be found.
- If you did not previously have a COSSY ID number, you can get a CARD GAME ID by registering online at <https://cardgame-network.konami.net/>.
- Please note that Duelists at Sanctioned and Official KDE-US tournaments will be referred to by their CARD GAME ID and their first name(s) and last name(s) as the names appear on their identification.
- Physical CARD GAME ID cards can only be given out at sanctioned events or at a local OTS. Duelists may print out a copy of their own CARD GAME ID card by logging into their KCGN account. Physical copies of a CARD GAME ID card cannot be replaced.
- Duelists do not need to have their card available in order to participate in a Sanctioned event, they simply need to know their CARD GAME ID number.

You are responsible for the maintenance of your own KCGN information. This includes keeping contact information up to date, as well as regularly reviewing your tournament history for accuracy.

If you have questions about your CARD GAME ID that are not covered above, please contact us-opsupport@konami.com (North America) or la-opsupport@konami.com (Latin America and the Caribbean).

B. Identification

You should be prepared to produce personal photo identification if asked to do so by a tournament official. School ID cards, state ID cards, driver's licenses, passports and birth certificates (for players under the age of 13) are all valid forms of identification.

Duelists are required to use their full legal names as the names appear on their photo identification. Duelists with name change issues should contact us-opsupport@konami.com prior to the event, or speak to the TO at the event.

You may contact the TO ahead of time if you have questions about providing identification.

- Approved identification is **required** at all events with an age limit or an invite structure. This includes, but is not limited to, Regional Qualifiers, Dragon Duels, Yu-Gi-Oh! Championship Series, and World Championship Qualifiers.

In some rare instances, the TO may be able to allow a participant to enroll without a valid ID, assuming the TO is able to establish identity for the participant. Any prizing won by the individual should not be distributed until a valid ID has been provided and prizing will then be mailed.

If the event is offering a Pre-Registration perk, such as some Yu-Gi-Oh! Championship Series or World Championship Qualifiers, exceptions should not be made for Pre-Registration. The TO or the KDE-US Representative on site may be able to make exceptions but only after Pre-Registration has concluded and regular Registration has begun. This means that a player without a valid ID is not eligible to Pre-Register at an event and earn any of the Pre-Registration perks.

C. Invites and other Credentials

Some tournaments require an invite in order to participate (such as World Championship Qualifiers and the World Championship). It is your responsibility to ensure that all of your invite paperwork (if any) is properly filled out, and to verify that your invite information appears in the appropriate Invite list.

The name on your invite and in the tournament must match the name on your photo identification.

You can check relevant event FAQs posted on www.yugioh-card.com/en/ for more information on whether or not an invite is required to participate, and how to verify your invite information.

Tournaments held at some conventions may require a convention badge in order to participate. It is the responsibility of the Duelist to ensure that they have a valid convention badge in order to participate in events which require a badge.

- Duelists can check relevant event FAQs posted on www.yugioh-card.com/en/ for more information on whether or not a badge is required to participate.

D. Tournament Materials

You must bring a tournament legal Deck (to Constructed events); as well as extra card sleeves, paper and pens/pencils to track scores and fill out Match Result slips, and any dice, coins, counters, tokens, etc., that your Deck requires.

- Calculators may not be used to **track** Life Points. You may use a calculator to **assist** with the math involved in adding or subtracting Life Points, but you **must keep a paper record of all Life Point changes** to help resolve any disputes.

In addition to tournament supplies, you must bring the appropriate entry fee (if any), your CARD GAME ID number, and personal identification.

You are responsible to ensure that any dice, coins, counters or tokens you bring to the event meet tournament-legal standards.

E. Neuron

Neuron is a smartphone app issued by Konami, containing a number of useful Duel functions. Neuron has an offline mode, which includes (but is not limited to) a Life Point application, coin flip and dice roll application, and a Camera Search feature; and an online mode, which includes (but is not limited to) Card Database access, Forbidden and Limited List access, and News and other announcements.

During a Match, Duelists must turn off Neuron's sound effects and music.

During a Match in a Sanctioned or Official tournament, Neuron may be used in offline mode **for the following functions only:**

- Life Point calculation (Duelists must also keep a **paper record** of Life Points)
- Dice rolls/coin flips
- Camera Search for card translations

Online functions, including News, Card Database searches, or accessing the Forbidden and Limited list; may not be utilized during a Match.

F. Understand Rulings

While there will be judges at all Tier 2 and higher Sanctioned tournaments, you will have a better tournament experience if you prepare yourself beforehand by knowing what your cards do and how the game works.

- You should read and understand the most up-to-date version of the rulebook.
- You should read and understand the cards you have included in your Deck.
- You should understand Problem Solving Card Text.

A current version of the rulebook can be found online:

G. Understand Policy

You should read and understand all current Tournament Policy documents, including the Official KDE-US Yu-Gi-Oh! TRADING CARD GAME Tournament Policy, the Official KDE-US Tournament Infractions and Penalties Policy, any policy addendums, and any event FAQs.

All this information can be found online at www.yugioh-card.com/en/.

Please check the Organized Play and/or Game Play sections of the website.

H. Unacceptable Behavior

When participating in a Sanctioned and/or Official KDE-US tournament, you are expected to display good sportsmanship when interacting with other tournament attendees including Duelists, judges, and staff.

You should read the Official KDE-US Tournament Infractions and Penalties Policy before attending an event, to better understand how you are expected to behave.

You can find the current version of the Official KDE-US Tournament Infractions and Penalties Policy Guidelines here:

https://www.yugioh-card.com/en/gameplay/penalty_guide/Penalty_Guidelines_v_2019June4.pdf

- Rude language, disruptive or disrespectful behavior, inappropriate clothing or supplies, unwarranted accusations, and/or disregard for the safety of others or the condition of the venue will not be tolerated.
- If you arrive at an event intoxicated or under the influence of any narcotics or controlled substances or become so during the course of the event, you will be Disqualified and removed from the venue and may be subject to additional penalties.
- Prescription medicine may only be brought to/used at the event by the person for whom it is prescribed.
- Persons may not bring any items into the tournament venue that are prohibited by law in their area (local, state, or federal). In addition, unlawful items/transactions, weapons of any kind, and substance drugs which may be illegal on a local, state, and/or federal level, are not allowed at Sanctioned/Official events. Persons who bring any such items to a tournament venue will incur penalties, including Disqualification and removal from the event, and risk suspension from KDE Organized Play.
- The use of electronic and/or vapor cigarettes are not permitted on the tournament floor at any Sanctioned/Official events, or in areas designated for tournament attendees.

The following electronic devices may be used during a Match, for the following uses only:

- Calculators may be used to assist with Life Point calculation, and not as the sole means of tracking Life Points.
- Smartphones may be used only for the offline functions of Neuron, listed above in section II. E. You may not text, talk, access the internet, look at files on your phone, etc. during a Match.
- Smart watches or similar items which can send or receive messages must have messaging functions disabled during a Match.

Other electronic devices are prohibited for use during a Match. Duelists with a medical necessity for an electronic device other than a calculator should speak with the Head Judge prior to the start of the tournament.

- You may not wear headphones during a Match.
- You may not eat or drink on tournament tables, including between rounds. You may keep water etc. with you, but containers must have lids and cannot be kept on the table.
- If you attend an event in costume, you may not wear any masks, hoods, etc., that cover your face during the registration process or during any Duel. You are responsible for ensuring that your costume or accessories will not damage tournament property or injure other persons at the event. Face paint or makeup that obscures or hides your face is also prohibited.
- **Certain areas may require masks or face coverings to be worn, in the interest of public health. In these circumstances, Duelists should wear appropriate masks or face coverings as required.**
- **Duelists with a medical or religious necessity for masks or other head/face coverings should speak with the Head Judge prior to the start of the tournament.**

I. Communication

It is your responsibility to relay accurate information at all times.

You are required to answer completely and honestly all questions relevant to maintaining an accurate Game State, or matters of Public Knowledge.

You should clearly communicate your actions during game play, and ask questions of your opponent or a tournament official if you are unsure about something.

You are obligated to immediately notify your opponent (and a judge, if necessary) if your opponent fails to follow any game rules, including effects they may be playing incorrectly.

You should never touch any of your opponent's cards or other items without first asking permission.

- Failure to follow any of these rules may result in penalties.

You should request the assistance of a judge at the time an issue arises, rather than afterwards.

You may not retract moves once you have committed to them.

- Committing to a move includes, but is not limited to, verbally stating or announcing an action, or removing your hand from a card once the physical action has been taken.

If your verbal statement contradicts an action you take in the game, and the verbal statement is a legal play or action, the verbal statement overrules the action you performed.

If you take an action in the game that turns out to be illegal, call for a judge. The judge can assess the situation, allow any necessary retractions or corrections, and issue the appropriate penalty.

Examples	<i>A Duelist sets a card in the Spell/Trap Card Zone and removes his hand from the card. The Duelist may not choose to "take back" the move and re-add the Set card to his hand.</i>
	<i>A Duelist has two (2) face-up Attack Position monsters on the field. During her Battle Phase, she verbally declares an attack with Monster A, while gesturing that Monster B attacks the opponent directly. If Monster A can legally attack, the Duelist cannot make a different choice.</i>
	<i>A Duelist declares they will perform a Link Summon of Knightmare Phoenix. They send two (2) copies of Mystical Shine Ball they control to the Graveyard and Summons Knightmare Phoenix. Afterwards, both Duelists realize Knightmare Phoenix requires two (2) monsters with different names. A judge should be called, the move will be retracted, and the judge will issue a Procedural Error penalty.</i>
	<i>A Duelist uses a card effect to search for a card in his Deck. He selects a card and reveals the card to his opponent. He cannot change his mind and search for a different card instead (even if he never took his hand off the card).</i>

J. Hygiene

You are expected to be clean when you enter a tournament. Neglecting to wash or put on clean clothes contributes to an unpleasant atmosphere at the event, as the tournament can be crowded and the day can be long.

Persons who neglect self-care to the point that they are negatively impacting the tournament may be asked to correct the issue in order to continue in the event.

K. Proper Attire

You are required to be dressed appropriately for an event which may include children and families. Shirts, shoes, and pants or skirts must be worn. Clothing and other accessories may not contain offensive pictures or wording.

Your clothing should be clean.

III. Tournament Information

A. Tournament Tiers

There are four tiers of Sanctioned and Official tournaments in KDE-US Organized Play:

Tier	Event Level	Description
Tier 1	Casual to Competitive	This encompasses OTS level events, Premiere! events, Yu-Gi-Oh! Day, YCS VIP Qualifiers, Duelist Leagues, etc.
Tier 2	Competitive	This encompasses OTS Championships, Regional Qualifiers, all Dragon Duel events, and Yu-Gi-Oh! TRADING CARD GAME Extravaganzas.
Tier 3	Premier	This encompasses Yu-Gi-Oh! Championship Series, National Championships, and World Championship Qualifiers.
Tier 4	World Championship	The World Championship is a special event, run using a Forbidden and Limited List and Tournament Policy that are unique to the event.

Most Tier 1 events are designed for more casual play, and should provide an instructive, enjoyable atmosphere. These events should function as a learning experience for newer Duelists.

- **Rules and tournament policy are equally important at this level and should be enforced.**

In addition to enforcing rules and policy, Judges and other tournament officials should take time to educate Duelists about mistakes or infractions, so they learn correct game play.

- Registered Konami Judges are not required for Tier 1 events.

Tier 2, 3, and 4 events are more competitive events, and require the highest level of ruling and policy enforcement.

- Registered Konami Judges are required for all Tier 2, 3, and 4 events.

B. Formats

There are a variety of available formats for Sanctioned or Official Yu-Gi-Oh! TCG tournaments. Duelists should make sure they know the format for the tournament they plan to attend, and ensure they are adequately prepared.

Format	Description
Constructed	Duelists must bring their own tournament-legal Deck in order to play in a Constructed Tournament. Constructed Tournaments are run using either the Advanced or the Traditional card lists, according to the list legality dates posted on www.yugioh-card.com/en/ .
Sealed Deck	Duelists in Sealed Deck format events will be provided with card product at the event, and they will construct their Tournament Decks from that product only. Sealed Deck formats include Sealed Pack (Duelists are given a set number of boosters and/or a sealed, pre-constructed Deck with which to select their cards) or Booster Draft (Duelists open product in groups and select cards to include in their Deck). The tournament description for Sealed Deck tournaments will explain the format.
Open Dueling	Open Dueling events are casual events that have no set pairings, Win/Loss records, or round time limits imposed on Duelists. This format is primarily used for Premiere! events and Duelist Leagues.
Special Formats	KDE-US will periodically create new and unique tournament formats that can be run as Sanctioned or Official events. Speed Duels, 3 vs. 3, Tag Duels, etc., fall under this category.

C. Time Limits

Yu-Gi-Oh! TCG rounds are 40 minutes in length at Tier 1 and Tier 2 events.

KDE-US may choose to adjust round lengths at certain Tier 3 or 4 events such as Yu-Gi-Oh! Championship Series, National Championships, etc. Any changes made to the tournament round will be announced before the start of the event.

For Single-Elimination playoff rounds, the time limit may be increased at the discretion of the Head Judge, but only if the increase is announced before the start of the Playoff Rounds.

D. Number of Duels

- Yu-Gi-Oh! TCG matches are run in a best-of-three Duels format.
 - It is possible to play more than three Duels in a Match, if Duels end in a Draw before the end of the round.
- The first Duelist to win two Duels is declared the winner of the Match.
- If a Duelist loses two Duels, they are considered to have lost the Match.
 - If both Duelists have one Game Loss in a Match and both receive a simultaneous Game Loss, the Match is considered a Double Loss.

E. Sanctioning

Only OTS and approved TOs can host Sanctioned Yu-Gi-Oh! TCG tournaments.

All Sanctioned events should be created via KCGN and pre-approved by KDE-US at least one (1) business day before the event is scheduled to take place.

- Certain tournament Ops Docs may require tournaments to be Sanctioned sooner than one (1) business day. Please refer to each event's Ops Docs for more information.

Tournament Organizers must keep all tournament records for six (6) months after a tournament's completion date, which includes keeping backup digital copies or printed copies of the tournament details.

- Certain Tier 2 or higher Ops Docs may require tournament records to be kept until a specific date has passed. Please refer to each event's Ops Docs for more information.

A minimum of four (4) players must compete in order for an event to be Sanctioned.

F. Tournament Match Structure

A tournament can be organized as a Single-Elimination event or as an event using Swiss Rounds.

Structure	Description
Single-Elimination	Half of the tournament is eliminated after each round – the losing Duelist is out of the tournament, while the winner goes on to the next round. This continues until only one Duelist remains, who is then declared the winner.
Swiss Rounds	Duelists are paired off based on each Duelist's Win/Loss record. Duelists are not eliminated when they lose a Match during Swiss tournaments – instead, they will continue to be paired against Duelists with similar records for all remaining rounds of the event. A Duelist may choose to drop from a Swiss tournament at any time by either filling out the proper information on a Match Result slip, or by notifying the official Scorekeeper <u>prior</u> to the pairing of the following round.

G. Number of Rounds

The number of rounds played in a KDE-US Sanctioned or Official tournament is based on the total number of Duelists enrolled in the event.

- If specific Ops Docs have been provided for an event (such as a Regional Qualifier or OTS Championship), any round information set forth within that Ops Doc **must take precedence**.
- **A TO/OTS may not choose to deviate from the Ops Docs.**

TO/OTS may run events with no Top Cut, provided that information is advertised before the start of the event.

The number of rounds and Top Cut (if any) must be advertised before the start of the event and cannot be changed afterwards.

- **If a tournament Ops Doc specifies that a Top Cut must be performed, TO/OTS may not deviate from that document.**

Number of Participants*	Number of Swiss Rounds (Required)	Minimum Playoff Top Cut (Optional)
4 - 8	3 Rounds of Swiss	None
9 - 16	4 Rounds of Swiss	Top 4
17 - 32	5 Rounds of Swiss	Top 4
33 - 64	6 Rounds of Swiss	Top 8
65 - 128	7 Rounds of Swiss	Top 8
129 - 256	8 Rounds of Swiss	Top 16
257 - 512	9 Rounds of Swiss	Top 16
513 - 1024	10 Rounds of Swiss	Top 32
1025 - 2048	11 Rounds of Swiss	Top 32
2049 or More	12 Rounds of Swiss	Top 64

**The number of Swiss Rounds are based on how many total Duelists are enrolled in the tournament once registration closes.*

Any Duelists added to the event after registration closes (late entries) should not affect the number of Swiss Rounds but it does affect the Top Cut and prizing.

- Playoff Top Cut and prizing is based on the total number of enrolled Duelists, which **includes** all late registrations.

Example	<i>After registration closes, 127 Duelists have registered for the tournament. This means that the tournament will have 7 Rounds of Swiss, followed by at least a Top 8 playoff cut. Two Duelists register late, beginning the tournament with a Round 1 Match Loss. Even though this brings the attendance total to 129, only 7 Rounds of Swiss are played, but the Top Cut is changed from Top 8 to Top 16.</i>
----------------	---

Tournament formats are standardized in order to provide you with a consistent experience, regardless of where you are when playing in a Sanctioned or Official event.

The number of Swiss Rounds is designed, on a best-case scenario, to have one undefeated player after the last round of Swiss has completed.

Reducing the number of rounds in a tournament can cause multiple ties in the standings due to a lack of properly diluted Tie-Breakers.

All Sanctioned and/or Official Swiss Round events are required to follow the above chart in regards to the number of Swiss Rounds played, unless specifically allowed via an event specific Ops Doc. OTS/TOs should not deviate from this.

H. Publishing Tournament Information

KDE-US and/or the TO reserve the right to publish event information such as a Duelist's Deck List, photographs, interviews or video reproduction of any Sanctioned and/or Official Yu-Gi-Oh! tournament, provided that the proper Registration Forms are used, and signature of Duelists or their guardian have been obtained. PDFs can be found here:

https://www.yugioh-card.com/en/events/forms/KDE_RegistrationSheet.pdf

We will process your data in compliance with our Privacy Policy, which you can access at: <https://www.konami.com/games/us/en/pages/privacy/>

I. Reporting Tournament Results

It is a TO's responsibility to report Sanctioned and Official tournament results to Konami by uploading the results to KCGN within five (5) business days of the tournament's completion.

- Certain tournament's Ops Docs may require tournaments to be reported sooner than one (1) business day or via a separate/additional means than uploading to KCGN. Please refer to that event's Ops Docs for more information.

IV. Tournament Play

A. Sportsmanship

You are expected to behave in a respectful, polite manner towards all tournament attendees, including Duelists, judges, tournament officials, and spectators.

If you engage in unsporting conduct or behavior that endangers or detracts from the event you may be penalized, up to and including being Disqualified and/or removed from the venue.

You should read the Official KDE-US Tournament Infractions and Penalty Policy as well as all event FAQs for a better understanding of acceptable behavior at tournaments.

B. Tournament Registration

When you get to the event, you will need to register in order to participate. Check event FAQs or contact the TO if you need more information on registration times as they may differ from event to event.

To register, you'll need a Registration form, a valid form of ID, your CARD GAME ID if you have one already, and the entry fee for the tournament. You can get a Registration form at the event, or you can get one to print at home before the tournament by clicking on this link:

- https://www.yugioh-card.com/en/events/forms/KDE_RegistrationSheet.pdf

Make sure your Registration form is filled out completely before you reach the registration station.

C. Special Assistance

If you require any special assistance at the tournament, such as a designated seating area, accommodations for an aide or service animal, etc., please speak to the Registration staff member handling your tournament enrollment during the registration process.

You may also contact the TO ahead of time to best ensure that your needs can be met.

D. Deck Registration

Most Tier 1 events do not require a Deck List to be submitted. TOs may require Deck Lists to be submitted for Tier 1 events, but only if the requirement is announced before the start of the event.

Tier 2 to 4 events all require Deck Lists.

A paper copy of the Deck Lists, either legibly written or printed from a computer, must be submitted in order to compete.

At Tier 2 or higher events, Deck Lists must be submitted using either the "Save List" function in Neuron or the official Deck List form (link found below).

To use Neuron:

Select and view your Deck, then scroll down to the “Save List” button. Clicking this button will create a JPG of your Deck List, which you can email to yourself then print out before heading to the event.

- Neuron will not fill in all the tournament details, such as your full name, the date, and the name of the event. You will need to write that information on the Deck List after it is printed.
- You cannot submit an electronic copy of your Deck List at the event.
- You will not have access to printers at the event, you should print your Deck List before heading to the event.
- The JPG is not an editable form.

To use the official Deck List form on the website or the Card Database:

- Neuron is linked to the Card Database, so you can create a PDF Deck List for any Deck created in Neuron. Use your CARD GAME ID in the Card Database to access the Decks you have created in Neuron.
- You can type your Deck List into the official Deck List editable PDF form, located on the Card Database or on the website.
- You can print a copy of the official Deck List and fill it out by hand.

SP	https://www.db.yugioh-card.com/yugiohdb/?request_locale=es
PT	https://www.db.yugioh-card.com/yugiohdb/?request_locale=pt

If you run out of room on the front of the Deck List, continue writing on the back of the sheet. You should indicate that your list continues on the back of the sheet, to alert the Deck Check judges.

If you are using foreign language cards in your Deck, you must use the accepted local language name of the card instead of the translated name printed on the card when you are writing out your Deck list. This helps the Judge staff know what cards you are playing in your Deck.

If a country or region has multiple accepted local languages, then any one of those languages are acceptable, but the whole Deck List should be written using a single language.

Examples	<i>A Duelist using a Spanish Language card in the United States should write the English Card Name on the Deck List.</i>
	<i>A Duelist using a German Language card name in Mexico may write the card name in either English or Spanish, as both are accepted languages in Mexico, but should ensure that all cards in the Deck List are written in the same language.</i>

You may only use shorthand terms when writing out your Deck list if:

- You use the same shorthand method for abbreviating all relative cards.
- You do not use shorthand that could be interpreted as more than one card.

Examples	<i>Acceptable: BW in place of Blackwing, if all Blackwing cards are abbreviated in this way.</i>
	<i>Acceptable: LS in place of Lightsworn, if all Lightsworn cards are abbreviated in this way.</i>
	<i>Not Acceptable: "Bottomless." This could indicate several different cards and cannot be used as an abbreviation.</i>

If you do not follow Deck Registration rules, you will receive Deck Error penalties such as a Game Loss or Match Loss. For more information on Deck Error infractions and penalties, please see the Official KDE-US Tournament Infractions and Penalty Policy.

It is ultimately your responsibility to accurately, clearly, and completely communicate the contents of your Deck.

Once a Deck list has been submitted, it may not be altered or changed.

E. Shuffling

Your Deck must be randomized using an accepted shuffling method (riffle, pile, Hindu, etc.) and then cut. This must be done at the start of every Duel, and whenever a game mechanic requires you to shuffle your Deck.

You must thoroughly randomize (shuffle) your Deck where your opponent can see.

- You cannot check or arrange any cards while shuffling.
- You cannot pre-sort your Deck (sorting Monsters/Spell/Trap, etc.) without thoroughly shuffling the Deck afterwards.

After a Deck is thoroughly randomized, it must be presented to the opponent. The opponent must randomize (shuffle) the Deck further and then return it to the original owner.

The owner may then "cut" their own Deck. If they do, they must present it to the opponent who must "cut" the Deck again and then present it back to the original owner. No additional randomization may be done to the Deck after this point.

- By presenting your Deck to your opponent, you agree that you have sufficiently randomized your Deck and that your Deck is legal and matches your Deck List.

After both Decks have been shuffled and presented to the opponent, both Duelists should ensure that all Deck elements are placed in their respective zones.

Both Duelists should count out their Side Decks in view of their opponent, to confirm how many cards are there.

You are not required to keep your Side Deck on the table, it can be returned to the Card Case for safekeeping.

If the Side Deck is kept in the Card Case, the Card Case must be kept on the table in view of both Duelists.

F. Determining Who Goes First

After both Decks have been shuffled, both Duelists should use a random method to decide who chooses to go first.

- You may roll a die, play Rock-Paper-Scissors, etc.

However, the method must be agreed upon and clearly understood by both Duelists beforehand.

Examples	<i>If a "high roll" will determine the deciding Duelist, all Duelists should clearly agree that the Duelist who rolls the highest number on the selected die or dice gets to choose whether or not to go first. If a die or coin is used, both Duelists should use the same die or coin.</i>
-----------------	--

When a deciding Duelist has been selected, they will choose who goes first in Duel 1 of the Match. This decision must be made before **ANY** cards have been drawn, or any Duel play has begun.

If the deciding Duelist draws cards before stating who will go first, they must automatically go first. Drawing cards before deciding who will go first may result in a Warning penalty.

During Duel 2 or Duel 3 of the Match, the losing Duelist of the previous Duel will decide who may go first.

If the outcome of a Duel was determined by a Game Loss penalty, the Duelist assigned the penalty (the losing Duelist) may still determine who will go first for the next Duel.

In the case of a Duel ending in a Draw, another random method should be employed to choose the deciding Duelist.

G. Sleeves

You may choose to use plastic card sleeves to protect your cards during the course of a tournament. **Sleeves are required at Tier 2 and higher events.**

- All sleeves in the Main and Side Decks must be identical in terms of color, wear, and design.
- You may choose to put your Extra Deck in sleeves that are different from your Main and Side Decks. All other sleeve rules still apply to the Extra Deck.
- All cards must be placed into sleeves in the same direction and manner.
- You may have only one card in each sleeve. You may not have anything but that card in the sleeve.
- Sleeves with mirror-like highly reflective backs are not allowed.
- Sleeves with holographic **fronts** are not allowed.
- Sleeves with designs or artwork on the **front** that obscure card text or illustrations are not allowed.
- Sleeves with artwork on the backs, provided that all sleeves are identical and of non-offensive nature, are allowed. The Head Judge will decide whether or not artwork on the back of sleeves is offensive.

You may choose to use a second sleeve (double sleeving) on each of your cards, providing you abide by the following additional rules:

- One of the additional sleeves must be clear. The clear sleeve may have a brand, watermark, or artwork so long as it does not interfere with the readability of the card.
- The additional clear sleeve may not have a holographic pattern on the **front** of the sleeve.
- The additional clear sleeve must be placed onto the card opposite to the regular sleeve, so the card is “sealed” inside of the two sleeves.
- You may only have one card in each pair of sleeves.

Sleeves with excessive wear, noticeable patterns, factory defects, or other identifying characteristics will be considered marked, and be disallowed by the Head Judge. You may also be subject to penalties. This is more stringently enforced at tournaments above Tier 1.

If you have a question about the legality of your sleeves, the Head Judge is the final arbiter as to whether or not your sleeves can be used in that tournament.

If you are unsure if your sleeves are marked, you should consult a judge prior to the start of the tournament or as soon as the possible markings are discovered.

Even if the judge does not determine the sleeves to be marked, sleeves could still become marked during the event. You are responsible to keep track of the wear and tear on your sleeves and replace them as needed, or you may incur Marked Cards penalties.

H. Tournament Materials

You are responsible for providing all necessary tournament materials, including any dice, counters, Tokens, etc., required for your Deck.

Tournament Material	Description
Card Case	A Card Case is used to carry your Deck and in some cases, your additional tournament materials. Duelists are not allowed to have additional Yu-Gi-Oh! TCG cards inside their Card Case that are not part of the Deck they are Dueling with in the event. If a Deck List is being used, only cards registered on their Deck List or cards labeled as Tokens should be in the Card Case.
Paper and pencil/pen	You are required to use paper and a pencil or pen to track Life Points. You may not use electronic tablets or a similar writing surface that can be cleared, instead of paper. You may use a calculator or Neuron to assist with the math involved in adding or subtracting Life Points, but you must keep a paper record of all Life Point changes to help resolve any disputes.
Replacement card sleeves	You should have access to additional card sleeves, to replace any sleeves in your Deck that become damaged or otherwise marked during the course of the tournament.
Tokens	<p>Anything used as a Token must meet the following requirements:</p> <ul style="list-style-type: none"> • It must be able to indicate ATK position and DEF position. • Non-token cards used as tokens must be marked as tokens, by writing “Token” on the face of the card itself. The word “Token” must be clearly and immediately visible, so as not to create a misleading game state. • Non-token cards that are specifically prohibited by Tournament Policy (such as non-token OCG cards not marked as Tokens, or cards not marked as Tokens that state they cannot be used in a Duel), cannot be used as tokens. • Items that could be mistaken for other game elements, are overly large, could damage cards or other tournament property, or contain offensive text or images cannot be used as tokens; even if they have been labeled as tokens. • The Head Judge will serve as the final arbiter of token legality.
Dice	Dice must be unweighted, with clear and readable markings. Dice that are overly large, could damage cards or other tournament property, or contain offensive images or text cannot be used.
Counters	<p>Counters must be items that cannot be confused with other game elements. Items that are overly large, could damage cards or other tournament property, or contain offensive text or images cannot be used.</p> <p>Physical counters are required – the “counter” function in Neuron cannot be used without also using physical counters.</p> <p>Counters must be added to cards in the appropriate quantity (example: if card effect(s) would place four counters on a card, Duelists should add four counters, rather than using a die placed to show “four”).</p>
Coins	Coins must be unweighted, with clear and readable markings. Coins that are overly large, could damage cards or other tournament property, or contain offensive images or text cannot be used.

<p>Field Center Marker/Card</p>	<p>You are encouraged to use a Field Center Marker or Card, to clarify the position of cards on the field.</p> <p>Field Center Markers cannot be items that could be confused for other game elements, such as Token cards, or other official Yu-Gi-Oh! TCG cards. Field Center Markers that are overly large, could damage cards or other tournament property, or contain offensive text or images cannot be used.</p> <p>Both Duelists should agree on both the Field Center and the Field Center Marker prior to the start of the Match.</p>
<p>Game Mat</p>	<p>Game Mats are not required for tournament play.</p> <p>Game Mats must fit within the space allotted to you. Game Mats that are overly large, could damage cards or other tournament property, or contain offensive text or images cannot be used.</p>

You are responsible to ensure that all tournament materials you bring to the event meet tournament-legal standards.

You are responsible for ensuring you do not damage cards or tournament property when using any of your tournament materials.

The Head Judge will serve as the final arbiter of legality for all tournament materials.

I. Field Layout

While a Game Mat is not required in order to play, you are responsible for placing all of your cards and Deck elements according to the layout established by the current official field layout.

Specified locations include the Main Monster Zones, the Spell and Trap Zones, the Pendulum Zones, the Field Zone, the Extra Monster Zone, the Deck, the Extra Deck, and the Graveyard.

You may not create your own layouts. You may, however, modify layouts if it is necessary to meet physical needs such as an injury, left-handedness, etc., with the exception of Tier 4 tournaments.

If you need to modify the field layout, you are responsible for clearly notifying your opponent of the changes to the field.

You are required to maintain the positions of all cards as they are originally placed on the field, except when directed otherwise by a card effect.

Banished cards should be kept next to the Graveyard, in clear view of both Duelists.

Both Duelists are responsible for agreeing upon the Field Center and Field Center Marker prior to the start of the Match.

Examples	<i>Avoid collapsing your field in order to save space.</i>
	<i>Do not shift cards from one zone to the next unless a card effect directs you to do so.</i>
	<i>Do not put anything in a zone reserved for something else, such as putting tokens or your Side Deck into the Extra Deck Zone.</i>
	<i>Never place Banished cards underneath the Spell and Trap Zone.</i>
	<i>It is careless to set your hand down on the field.</i>

J. Note-Taking

Note-taking is not allowed in Sanctioned or Official Yu-Gi-Oh! TCG tournaments, with the following exceptions:

- You must keep a written record of both Duelists' Life Points for each Duel.
- Tracking of mandatory effect reminders.
- Tracking of turns and turn counters.
- Tracking of effects or actions necessary to maintain a legal Game State.
Written records are the only acceptable form of note taking. You may not use dice or other counters as a form of note taking.
- Notes must be taken quickly, so as not to disrupt the flow of the Duel. Slow Play or other penalties may apply if note-taking slows down the Duel.
- Notes are considered Public Knowledge and must be provided to the opponent or tournament official upon request.
- The "Notes" function of Neuron may not be used during a Match.

Examples	<i>A Duelist takes 1,000 points of damage to his Life Points. Both Duelists should write down the damage taken. Duelists may record the source of the damage, if done in a timely manner.</i>
	<i>During their turn, a Duelist's Scarm, Malebranche of the Burning Abyss is sent to the Graveyard. The Duelist <u>may not</u> make a note to resolve its searching effect during the End Phase, due to this being an <u>optional effect</u>.</i>
	<i>A mandatory effect states that the Duelist may not draw a card during her next turn. The Duelist may make a written note reminding her of this.</i>
	<i>A Duelist activates the effect of their Level 7 F.A. Dark Dragster; to reduce its level by 3. The Duelist can make a note such as "F.A. Dark Drag Level 4" in order to maintain an accurate Game State, due to it being an effect that will affect other aspects of the Game State.</i>
	<i>A Duelist activates a card with a mandatory effect which lasts for 3 turns. Both Duelists should track on paper how many turns have passed after the card's activation.</i>
	<i>A Duelist activates Eradicator Epidemic Virus and declares Spell cards. They look at their opponent's hand for Spell Cards to destroy. The Duelist may not write down any notes on the names of the other cards in the opponent's hand, as this information does not help maintain an accurate and legal Game State.</i>

You may not use outside notes during a Match, which includes in between Games of a Match. You may consult a copy of your Deck List between Matches (not in between Games of a Match), to ensure you have restored your Main Deck, Side Deck, and Extra Deck to the proper condition.

K. Game State

“Game State” refers to all elements of the game - cards, field, hand, Graveyard, phase, turns, etc.

Both Duelists are responsible for maintaining the Game State, by clearly communicating with their opponent and Tournament Officials.

You are required to divulge any and all information that may be required to maintain a legal Game State.

L. Public Knowledge

The following information is considered to be public knowledge, unless a card effect states otherwise:

- Duelists may not refuse to answer questions about information that is Public Knowledge.
- **Lying about or refusing to answer questions about information that is Public Knowledge may result in a Disqualification penalty.**

Duelists must answer questions involving the following topics truthfully:

- The number of cards in a Duelist’s hand
- The number of cards in a Duelist’s Deck (this includes the Main Deck, Side Deck, and Extra Deck)
- The number and names of the cards in a Duelist’s Graveyard and face-up Banished cards
- Both Duelist’s current Life Point totals
- Any notes taken by either Duelist during a Duel
- Information printed on a specific card mentioned by name or otherwise clearly described
- Which cards were played during the current turn

Examples	<i>The DEF of Honest</i>
	<i>The printed effect of Soul Exchange</i>

M. Private Knowledge

Information that is Private Knowledge may not be revealed by a Duelist except by a card effect. Duelists may not answer questions about any Game State information that is considered Private Knowledge.

The following information is considered to be Private Knowledge, unless a card effect states otherwise:

- The card contents still in the Deck (this includes the Main Deck, Side Deck, and Extra Deck)
- All cards that are face-down, even if the cards have previously been face-up
- The cards in the opponent's hand
- Which card(s) the opponent Set/Summoned during a previous turn

Giving false information about information that is considered Private Knowledge, or intentionally revealing information that is considered Private Knowledge, may result in a Disqualification penalty.

Examples	<i>A Duelist may not reveal that he has Honest in his hand unless he is legally activating the card at that time.</i>
	<i>A Duelist may not reveal his Set Mirror Force unless he is legally activating the card at that time.</i>
	<i>A Duelist may not reveal a card in her Deck to her opponent, unless an effect requires her to do so.</i>
	<i>A Duelist cannot ask his opponent to reveal any of the opponent's face-down cards, unless directed to do so by a card effect.</i>
	<i>A Duelist cannot ask to look at one of her opponent's face-down cards, even if that card was face-up on a previous turn.</i>

N. Card/Hand/Deck Verification

With the exception of cards selected by a search effect, you may not search or verify any of your opponent's Private Knowledge locations, such as hand, Deck contents, or face-down cards, unless you are otherwise directed to do so by a card effect.

You may not ask a judge to search or verify your opponent's hand, Deck contents, or face-down cards unless there is supportable evidence that your opponent may be cheating or that there may be a valid Deck-related issue.

Examples	<i>Both Duelists are playing with the same color and type of sleeves. Duelist A notices that his total Deck count is short one card, while Duelist B's total Deck count is over by one card. A judge should be contacted to help resolve the situation – Duelists should not look through each other's Deck.</i>
	<i>A Duelist activates the effect of Mystic Tomato. Upon searching his Deck, he realizes that he does not have a legal card to Special Summon. His opponent does not get to search the Main Deck to verify.</i>
	<i>Duelist A activates the search effect of Salamangreat Balelynx, searches her Deck for Salamangreat Sanctuary, then shows it to her opponent before adding it to her hand.</i>
	<i>During Game 1, Duelist A plays a Super Rare version of a Limited Spell Card. During Game 2, Duelist A plays a common version of the same Limited Spell card. His opponent notices that there appears to be two copies of a Limited card in Duelist A's Deck. It is appropriate to call a judge to examine the Deck.</i>
	<i>Duelist A activates The Forceful Checkpoint, and sees only Gemini Elf, Goblin Attack Force, Big Shield Gardna, and Skill Drain in Duelist B's hand. Duelist A chooses Goblin Attack Force; Duelist B discards it and ends his Battle Phase. During Main Phase 2, Duelist B sets 2 cards in his Spell/Trap Zone then ends his turn. Since Duelist A has seen that there was only one Trap card in Duelist B's hand, it is appropriate to call a judge to investigate.</i>
	<i>Duelist A activates Mind Crush and declares Effect Veiler. Duelist B says she does not have Effect Veiler in her hand. Duelist A does not get to see Duelist B's hand to verify. Duelist A cannot call a judge to verify Duelist B's hand unless there is supportable evidence that your opponent may be cheating or that there may be a valid Deck-related issue.</i>
	<i>Duelist A activates Pot of Duality and adds a revealed Effect Veiler to her hand. The game continues for several turns, and Duelist A does not use Effect Veiler. Duelist B activates Mind Crush and declares Effect Veiler. Duelist A states there is no Effect Veiler in her hand. Duelist B knows that Effect Veiler was added to Duelist A's hand and knows it has not been played. It is acceptable to call a judge to investigate.</i>

O. Loops

A “loop” is a series of actions that can be repeated. There are two kind of loops: Controlled Loops and Infinite Loops.

Controlled Loops:

Controlled loops are loops where the actions are voluntary and a Duelist controls how many times the action will repeat. They are able to stop the loop at any time by simply performing a legal action that does not cause the next effect on the loop to activate.

In a Controlled Loop, the Duelist should proceed as follows:

1. Perform the loop once, to notify your opponent that you are in a loop.
2. Using a whole number (positive value), inform your opponent how many times you intend to repeat the loop.
3. If your opponent wishes to activate an effect, they may do so at any interval up to the whole number listed above, as long as they are legally able to activate an effect.
4. Game play will proceed until either the whole number listed above has been reached, a win condition has been met (Life Points reach 0, unable to draw from Deck when required to do so, etc.), or until the opponent chooses to respond.
5. The Duelists will not physically perform the actions to keep the loop going but simply resolve the effects accordingly.
6. If any effects have been activated by the opponent to interrupt the loop, the loop will stop at that interval.
7. If the Duelist controlling the loop chooses to continue with the loop after the opponent interrupted the loop, they should perform the loop once more, to ensure the loop can still be achieved, and follow these steps again.

- After the stated number of iterations of the loop have been resolved without action from the opponent, the Duelist may not initiate the loop again that turn unless a tangible change to the game state has occurred, such as if the opponent has taken some action that has changed the number of cards on the field/in the hands.

Examples	<p><i>Duelist A controls Cannon Soldier, Quillbolt Hedgehog, Glow-Up Bulb, and a face-up Imperial Iron Wall. Both Duelists have 8,000 Life Points each. Duelist A activates the effect of Cannon Soldier, tributing Quillbolt Hedgehog to inflict 500 damage to their opponent. They then activate the effect of Quillbolt Hedgehog to Special Summon itself onto the field, in order to use it again as tribute for the effect of Cannon Soldier. Duelist A states that they will repeat the loop sixteen times until Duelist B's Life Points are reduced to zero.</i></p> <p><i>Duelist A does not need to perform the loop again.</i></p> <p><i>Duelist B may choose any interval to activate an effect.</i></p>
	<p><i>Duelist A controls Cannon Soldier, Quillbolt Hedgehog, Glow-Up Bulb, and a face-up Imperial Iron Wall. Both Duelists have 8,000 Life Points each. Duelist A activates the effect of Cannon Soldier, tributing Quillbolt Hedgehog to inflict 500 damage to their opponent. They then activate the effect of Quillbolt Hedgehog to Special Summon itself onto the field, in order to use it again as tribute for the effect of Cannon Soldier. Duelist A states that they will repeat the loop sixteen times until Duelist B's Life Points are reduced to zero.</i></p> <p><i>Duelist A does not need to perform the loop again.</i></p> <p><i>Duelist B states that when the effect of Quillbolt Hedgehog is activated on the 12th loop, they will chain by activating their set Hope for Escape.</i></p> <p><i>The loop stops once this chain has resolved. If Duelist A wishes to do the loop again, they must go through the steps at least once to show they can still perform the loop.</i></p>

Infinite Loops:

Infinite Loops are loops that occur involuntarily, usually from a series of mandatory Trigger Effects that meet the activation conditions for each other upon resolution or due to continuous effects that are stuck switching on and off endlessly due to a change in the game state. Since all the effects involved in an Infinite Loop must occur, there is no clear point in the game where the player can stop the loop.

If an Infinite Loop occurs, follow these instructions:

1. Perform each action in one iteration of the loop once.
2. Determine if the loop will cause a victory condition (Ex: an Infinite Loop in which a Duelist draws 2 cards per iteration will eventually end in fulfilling a victory condition for one of the Duelists.)
3. If so, proceed to the iteration in which the victory condition will occur and determine the winner.
4. If no victory condition will be achieved, the Duelists should call a judge to determine the card that is the primary cause of the loop and send it to the Graveyard. Play will resume from that point and no penalties are assessed. Any effects that could activate as a result of the card going to the Graveyard can/will still activate accordingly.

- If the Judge determines that multiple cards primarily cause the loop, the card most recently activated should be sent to the Graveyard.

Examples	<p><i>Duelist A has a set Pole Position on the field. Duelist B has a face-up Dark Magician equipped with Magic Formula and a face-up Dark Magician Girl equipped with Axe of Despair.</i></p> <p><i>If Duelist A activates his set Pole Position, its Spell protection is applied to Dark Magician, then to Dark Magician Girl then back to Dark Magician. The players determine this is an Infinite Loop that will not result in a victory condition, so they call a judge. The judge determines Pole Position is causing the loop. Pole Position is sent to the Graveyard, and play continues.</i></p>
	<p><i>Duelist A has a set Pole Position on the field. Duelist B has a face-up Dark Magician equipped with Magic Formula, a face-up Dark Magician Girl equipped with Axe of Despair, and Bait Doll in his hand. During his Main Phase 1 he activated Bait Doll, targeting the set Pole Position.</i></p> <p><i>Pole Position is forcibly activated. Its Spell protection is applied to Dark Magician, then to Dark Magician Girl then back to Dark Magician. The players determine this is an Infinite Loop that will not result in a victory condition, so they call a judge. The judge determines Pole Position is causing the loop. Pole Position is sent to the Graveyard, and play continues.</i></p>
	<p><i>Duelist A has a face-up Goblin Attack Force and Final Attack Orders on the field. Duelist B activates Level Limit Area - B. The Duelists determine that this is an Infinite Loop that will not result in a victory condition, so they call a judge. The judge determines that both cards primarily cause the loop. Since Level Limit Area - B is the most recently activated card, it is sent to the Graveyard; and play continues.</i></p>

P. Appeals

If you disagree with a floor judge's ruling, whether it is a Rulings or Policy issue; you have the right to appeal that ruling to the Head Judge of the tournament.

- The Head Judge's ruling is final and cannot be appealed.

You may not appeal a floor judge's ruling until after the floor judge has finished issuing the ruling.

You should wait until the floor judge has issued the ruling, then respectfully inform the floor judge that you wish to appeal the ruling.

- If you accept the floor judge's ruling, you cannot ask to appeal that ruling later on during the game.

In Tier 3 or higher events, an appeal may be taken by an Assistant Head Judge instead of the Head Judge. In this case, the Assistant Head Judge's ruling is final, and cannot be appealed.

- If the initial decision was made by the Head Judge, or an Assistant Head Judge (Tier 3 events), their decision is final and cannot be appealed.

Q. Conceding a Game or Match

You may concede a Game or Match at any time **up until** the point that the Game or Match has concluded, during either Duelist's turn, but only by meeting these requirements:

- You may not offer or accept any sort of compensation in exchange for conceding a Game or Match.
- You may not concede a Game or Match after the Game or Match has already concluded.
 - **This means that once a Game or Match result is reached (a win, a loss, or a draw), that result cannot be changed, even if a Match Result Slip has yet to be signed.**

Duelists who concede in exchange for money, prizes, or other incentives are guilty of Bribery and/or Collusion, which is a violation of the Official KDE-US Tournament Infractions and Penalties Policy Guidelines.

Duelists who change the result of a Game or a Match are guilty of Altering the Result of a Game or Match, which is a violation of the Official KDE-US Tournament Infractions and Penalties Policy Guidelines.

Examples	<i>During Game 3 of a Match, Duelist A has a monster with 1,000 ATK in face-up Attack Position on the field. Duelist B is at 1,000 Life Points and does not have any cards on the field or hand, and no effects to activate to stop a direct attack. During the Battle Phase, before declaring an Attack, Duelist A may still concede the Match.</i>
	<i>If Duelist A declares an attack and the damage is dealt to bring Duelist B's Life Points to 0, a result has been reached and the Match may no longer be conceded.</i>
	<i>Duelist A wins Game 3, therefore winning the Match. Duelist A realizes that he must drop from the event and head home. Even though Duelist A is dropping from the event and the Match Result Slip has not been completed yet, he may not concede the Match to his opponent, because the result of the Match has already been determined.</i>
	<i>It is Duelist A's Main Phase 1 and she activates a card effect. Duelist B realizes that Duelist A has all of the cards needed to be able to bring his Life Points down to 0. Duelist B may concede the Game and proceed to the next Game. Duelist B does not need Duelist A's permission in order to concede.</i>

R. Bribery and/or Collusion

The outcome of a Match may not be influenced by any outside incentives or additional prizes/compensation.

Offering or accepting a bribe is **against KDE-US Tournament Policy** and will result in a **Disqualification** from the event.

S. Random Outcome

Duelists or tournament officials may not randomly determine an outcome of a Match, such as flipping a coin or rolling a die to determine a winner.

Failure to follow this rule will result in a Disqualification from the event.

T. Altering the Result of a Game or Match

Once the Game or Match has concluded, you may not concede or “give the win” to the opponent. This means that once a Game or Match result is reached (a win, a loss, or a draw), that result cannot be changed.

Duelists who change the result of a Game or a Match are guilty of Altering the Result of a Game or Match, a violation of the Official KDE-US Tournament Infractions and Penalties Policy Guidelines.

Examples	<i>During Game 3 of a Match, a Duelist deals enough damage to bring his opponent’s Life Points to 0. The Match has officially ended, with the Duelist as the winner. Even though the Match Result Slip has not been signed yet, the Duelist is no longer able to concede to his opponent because the Match now has an official result. Marking the losing Duelist as the winner may result in penalties, including Disqualification from the event.</i>
-----------------	---

U. Intentional Draws

Intentional Match Draws (both Duelists agreeing to end the Match as a Draw, rather than playing it out) are not allowed.

Matches cannot end in a Draw, outside of End of Round procedures during the Swiss Rounds of a Swiss event.

V. Reporting the Match Results

A. Reporting the Match Result

The winning Duelist is responsible for accurately reporting the result of a Match. Most tournaments will provide printed Match Result Slips for you to use to report Match results, however some tournaments may require you to verbally confirm the Match result with a judge or scorekeeper.

You should consult a Tournament Official if you are unsure of the proper procedure for reporting your Match result.

- **Match Results cannot be altered once they have been submitted.**

Verify the Match result carefully before submitting it, including whether a Duelist is opting to drop from the event.

B. End of Match Procedures

Sometimes a Match will not be finished when the time ends for a round. If this happens, it is both Duelists' responsibility to note whose turn it is when time is called. Duelists who require assistance with the End of Match procedures should raise their hand and call for a judge. The judge should be notified that the Match is ongoing and whose turn it is. The judge may or may not stay to supervise the End of Match procedure, but should ensure that both Duelists understand the following procedures.

End of Match procedures should follow these three (3) rules:

Rule #1: If time is called while Duelists are in the middle of a Game, the current Game must have a decision (Win, Loss, or Draw).

Rule #2: Once the current Game has concluded with a decision, determine the winner of the Match by determining the number of Game Wins (or Game Losses) each Duelist has for the current Match. The Duelist with the most Game Wins will win the Match.

Swiss Rounds: If both Duelists have the same number of Game Wins, or if time was called in between games of a Match when both Duelists had the same number of Game Wins, then the Match is a Draw.

Single-Elimination Rounds: If both Duelists have the same number of Game Wins, or if time is called in between Games of a Match while both Duelists have the same number of Game Wins, they will begin a new Duel with specific guidelines.

- Neither Duelist may use his or her Side Deck. If time was called in between Games of a Match and at least one Duelist has already accessed his or her Side Deck, then both Duelists may use their Side Deck.
- Duelists must use a random method (die roll, coin flip, etc.) to determine who will go first.
- The Duel will continue for a total of four (4) turns, two (2) turns for each Duelist, unless a Duelist manages to win the Duel before the four (4) turns have concluded.
 - A "turn" is defined as the start of the Draw Phase until the end of the End Phase for a single Duelist.
- Once the four (4) turns are completed, Life Point totals are compared and the Duelist with the highest Life Point total wins the Match.
- If both Duelists' Life Points are the same after the four (4) turns are completed, then play will continue on a turn-by-turn basis, with the Duelist with the most Life Points at the end of a turn being declared the winner of that Game.

Rule #3: If a win condition occurs during End of Match Procedures, that Duelist wins the current Game.

Keeping these three (3) rules in mind, please follow these instructions when proceeding to End of Match procedures:

1. **Continue with the current Phase of the Game. Once the Phase is over, stop the game.**
2. Determine a Game Winner at this point, with the Duelist with the most Life Points winning the Game.
 - During Swiss Rounds, if both Duelists' Life Points are the same, the Game is a Draw. Compare Game Wins with the Duelist with the most Game Wins winning the Match. If the Game Win totals are the same, the Match is a Draw.
 - During Single-Elimination, **if both Duelists' Life Points are the same at the end of the current Phase (Step 1 above), finish the current turn.** If both Duelists' Life Points are the same at the end of the turn, then play will continue on a turn-by-turn basis, with the Duelist with the most Life Points at the end of a turn being declared the winner of that Game.
 - **Match Draws cannot occur during Single-Elimination Rounds.**

C. Tie-Breakers

Sanctioned and Official events use a Tie-Breaker system to determine which Duelist ranks higher when both have the same number of Match Wins.

Duelists earn Points based on how well they perform during a Match.

Match Result	Points
Win	3
Draw	1
Loss	0

Examples	<i>A Duelist has completed 3 rounds of a tournament, and currently has 2 Wins and 1 Draw. The Duelist has 7 Points (3 Points for each Win, and 1 Point for each Draw). The Duelist's XX equals 7.</i>
-----------------	---

Duelists are first ranked based on how many points they have accumulated during the course of a tournament. In addition to points, the Konami Tournament Software (KTS) uses a method to track how strong or weak your tournament schedule has been. It tracks the record of each of your opponents, and the record of your opponent's opponents to determine the final Tie-Breakers. This number can be portrayed as follows:

XXYYZZZ

XX	Total amount of Points the Duelist has earned during the course of the tournament
YYY	Your opponents' Match-win percentage (to the one tenth decimal)
ZZZ	Your opponent's opponents' Match-win percentage (to the one tenth decimal)

Examples	<p><i>A Duelist at a Yu-Gi-Oh! Championship Series event has a tie-breaker number of 33726677. The number breaks down as follows:</i></p> <p><u>33 (XX)</u>: Total amount of points the Duelist earned during the tournament (33).</p> <p><u>726 (YYY)</u>: His opponents' match-win percentage (72.6%).</p> <p><u>677 (ZZZ)</u>: His opponent's opponents' match-win percentage (67.7%).</p>
-----------------	--

On extremely rare occasions, two Duelists may finish a tournament with identical Tie-Breakers, leaving them tied for the same final standing.

If time permits, the Duelists should play another Match (or single Duel if time does not permit a full Match) to determine a winner.

In cases where there is no time for an additional Match or Duel, the Head Judge should do the following:

1. If the tied Duelists have already played against each other in the tournament, the winner of that Match will take the higher final standing.
2. If the tied Duelists have not already played against each other in the tournament, the Head Judge should use a random method such as a die roll to decide the final standing.
 - Please note this is different than randomly determining the outcome of a Match.

VI. Tournament Infractions

Tournament Infractions occur when a participant in an event violates tournament policy.

Policy documents are intended to educate Duelists, judges, and other tournament officials on correct and expected behavior at events.

The Official KDE-US Yu-Gi-Oh! TRADING CARD GAME Tournament Policy document and the Official KDE-US Tournament Infractions and Penalties Policy document outline the appropriate code of behavior for all attendees in an event.

Duelists, judges, and other tournament officials share the responsibility for maintaining a fair and consistent event, by understanding and adhering to their roles in the event.

- All are expected to abide by the policies listed in both of the above documents.
- The Official KDE-US Tournament Infractions and Penalty Policy contains additional information to be used during all Sanctioned and Official tournaments.

A. Procedural Errors

This category covers infractions involving the general errors in game play you might commit during the course of a Duel.

B. Tardiness

This category covers infractions that prevent you from beginning your Match within the specified timeframe allowed by the tournament.

C. Deck Errors

This category covers infractions associated with registering incorrect contents on a Deck List, or playing with an illegal Deck. If an error is caught prior to the start of the first round, it is acceptable (at the Head Judge's discretion) to correct the Deck List without applying a penalty.

D. Drawing Extra Cards

This category covers infractions associated with drawing cards from the Deck outside of when you are allowed to do so.

E. Marked Cards

This category covers infractions involving Marked Cards and/or sleeves. A card or sleeve is considered to be "marked" if it can be distinguished, while face-down, from the other cards contained in a Deck. This includes, but is not limited to, markings on the cards/sleeves or cards that are warped. It is your responsibility to maintain un-marked cards and sleeves throughout the duration of an event.

F. Slow Play

This category covers infractions associated with the pace of your game. You are expected to play at a reasonable speed, regardless of the complexity of the game situation, and should not waste time during a Duel or in between games of a Match.

G. Unsporting Conduct

This category covers infractions associated with inappropriate behavior from a person during an event. Unsporting Conduct infractions are considered to be intentional.

Persons who engage in unsporting conduct or behavior that endangers or detracts from the event, will be removed from the venue and be subject to additional penalties.

H. Cheating

KDE-US shows no tolerance towards cheating and takes this infraction very seriously. Cheating includes, but is not limited to, intentionally misrepresenting the game state, rules, or tournament policies. It also includes reporting inaccurate information or lying to your opponent or to tournament officials.

The Head Judge will investigate persons suspected of cheating. If the Head Judge believes the person has cheated, the Head Judge will issue a Disqualification and send their report to the KDE Penalty Committee.

The KDE Penalty Committee will then review the incident and determine if any additional penalties are required.

I. Illegal Game/Match Outcomes

Games and/or Matches cannot be determined by random methods (such as a die roll), or by bribery. The result of any Game and/or Match cannot be changed after the Game and/or Match has concluded.

J. Wagering

Wagering of any kind is not permitted at a Sanctioned or Official Yu-Gi-Oh! TCG tournament. This includes, but is not limited to, both official and unofficial Matches or Games being played at a Sanctioned event.

K. Buying and Selling Cards and Other Items

You should familiarize yourself with the rules on buying, selling, and trading at each venue, including the KDE-US event FAQs.

Most venues do not allow persons to buy and sell from one another. If you violate this policy, you risk incurring penalties, including being disqualified and removed from the venue.

L. Predatory Trading

Predatory trading practices (targeting inexperienced or young Duelists for extremely unbalanced trades) are not tolerated. If you engage in such practices, you risk being removed from the venue and may be subject to additional penalties.

M. Prohibited Items

Persons may not bring any items into the tournament venue that are prohibited by law in their area (local, state, or federal). In addition, unlawful items/transactions, weapons of any kind, and substance drugs which may be illegal on a local, state, and/or federal level, are not allowed at Sanctioned/Official events. Attendees who bring any such items to a tournament venue will incur penalties, including Disqualification and removal from the event, and risk suspension from KDE-US Organized Play.

- **Please see Event FAQs for additional information on prohibited items.**

The use of electronic and/or vapor cigarettes is not permitted on the tournament floor, or in areas designated for tournament attendees.

N. Privileged Information

Persons who publicize privileged information, such as set contents, card spoilers, etc., for KDE-US brands before such information is officially released to the public, may incur penalties including suspension from participation in Organized Play and/or removal as an OTS.

O. Impersonation of Konami Employees or Representatives

Persons who falsely present themselves as employees or representatives of Konami will incur penalties including suspension from Konami Organized Play, and/or removal as an OTS, etc.

P. Suspension from KDE Organized Play

Persons who have been disqualified from an event are subject to review by the KDE Penalty Committee, to determine if further penalties will be assigned.

Disqualified persons are responsible for filling out a Disqualification form at the event, which provides them with the opportunity to tell their side of the story.

Disqualification reports will also be collected from the Head Judge, and any opponents, spectators, or other tournament officials who were involved or witness to the incident. Authors of disqualification reports may be contacted by KDE-US for further detail or clarification about the incident.

Disqualification reports will be reviewed by the KDE Penalty Committee, and the person(s) will be contacted with the committee's findings. In some instances, no further action will be considered necessary. In others, the person(s) may receive a suspension from KDE's Organized Play program.

Suspended persons who have provided a correct e-mail address will be notified of their suspension and the date on which they may apply for reinstatement into the Organized Play program. Persons who fail to provide a valid e-mail address or who decline to complete the proper paperwork are still subject to the terms and length of any subsequent suspension, but risk not being contacted about the suspension and may risk extensions to their suspension if they attend an event while suspended.

- **A suspended person will not be automatically reinstated into Organized Play.**

On or after the date they are eligible for reinstatement, they must contact the KDE Penalty Committee at us-penalty@konami.com to request reinstatement. Suspended persons who have requested reinstatement should then wait to be notified by the KDE Penalty Committee whether or not they have been reinstated.

Even after the eligibility date has passed, persons are still considered to be suspended until they have both applied for reinstatement and received a notification from KDE-US that they have been reinstated to KDE Organized Play.

Infractions do not need to have occurred inside the venue as long as it impacts or connects to a Sanctioned or Official event.

KDE-US reserves the right to suspend persons from the KDE Organized Play program for misbehavior not connected to a specific event.

Persons do not need to have been disqualified in order to warrant additional penalties from the KDE Penalty Committee.

If a person is charged with a criminal offense, whether or not that offense took place at a tournament, that person may be automatically entered into the Suspended Persons list and may no longer participate in KDE Organized Play.

A suspended person may not participate in, attend, or be in any area at a venue that is associated with any Sanctioned or Official KDE Organized Play event, until such a time as they have been reinstated as a person in good standing. This includes all tiers of events, such as locals, Premiere! events, Regional Qualifiers, etc.

Persons with questions about their status may e-mail us-penalty@konami.com for more information.

VII. Constructed Deck Information

A. General

Constructed Decks for Yu-Gi-Oh! TCG tournaments must meet specific guidelines for use in the event. You must ensure that your Decks meet these requirements before entering an event.

- Your Deck includes the Main Deck, and may include a Side Deck and/or an Extra Deck.
- You may not have more than three (3) copies of any card included in your Main Deck, Side Deck, and Extra Deck combined.

Yu-Gi-Oh! cards that are not registered on your Deck List as part of the Main Deck, Side Deck, or Extra Deck may not be kept with your Deck (in the Card Case, calculator case, in or around your play area, etc.) with the exception of cards used and clearly marked as Tokens.

The following are some examples of cards that may not be kept with your Deck:

Examples	<i>"Lucky" or mascot cards</i>
	<i>Cards used as Translations</i>
	<i>Cards recently received in a trade</i>

B. Main Deck

Constructed Main Decks for Yu-Gi-Oh! TCG events must have a minimum of 40 cards, and a maximum of 60 cards.

Only the cards in the Main Deck count towards this total; cards in the Side or Extra Decks do not count towards this total.

C. Side Deck

In a Constructed Tournament, you may use a Side Deck consisting of 0 to 15 cards in addition to your Main Deck.

When the Match begins, you and your opponent must both confirm the exact number of cards in each other's Side Deck.

Side Deck cards may be exchanged for cards in the Main Deck or the Extra Deck between Duels in a Match, on a 1-for-1 basis.

Examples	<i>A Duelist may remove five (5) cards from their Main Deck and two (2) cards from their Extra Deck before the start of the next Duel in a Match, and replace them with the exact same number of cards from the Side Deck.</i>
-----------------	--

If the Side Deck is used between Duels, the Side Deck should be counted out in full view of the opponent, to show that the Side Deck remains the same size as was confirmed before the Match began.

Cards cannot be exchanged between the Main Deck and Extra Deck, even if you are keeping those cards in your Side Deck.

After each round of a tournament, both Duelists must remove all Side Deck cards and restore their Main and Extra Decks to their original state before the next Match begins.

You may not add cards to your Main Deck from your Side Deck before the first Duel in a Match.

If the first Duel in a match is decided by a Game Loss penalty before the Duel has begun, neither Duelist may use their Side Decks before the second Duel of the match.

- **You must perform all Side Deck actions in a timely manner, including card selection and shuffling.**
- **You have less than three (3) minutes to perform these tasks.**
 - Please note that this time limit is the maximum amount of time to be utilized in the Side Deck process if you plan on Side Decking for your next Duel and does not guarantee you the full three (3) minutes simply to pass the time.

D. Extra Deck

You may have an Extra Deck of up to 15 Fusion, Synchro, Xyz, or Link Monsters.

Fusion, Synchro, Xyz, or Link Monsters are never kept in the Main Deck.

E. Advanced Format

Advanced Format tournaments use a specific list of playable cards, called the Forbidden and Limited List. Some cards are forbidden from use, or limited to a set number in the Deck, in order to better balance tournament play. The Forbidden and Limited List changes periodically.

- Please see the Card Legality section of this Tournament Policy document for more information on the Forbidden and Limited List.

You can view the most current Forbidden and Limited List (Advanced Format) card list by visiting the appropriate link:

North America	http://www.yugioh-card.com/en/limited/index.html
Latin America & Caribbean	https://www.yugioh-card.com/lat-am/limited/index.html

F. Traditional Format

Traditional Format events use a wider card pool, and allow all cards that are legal for play. Some cards are still limited to a set number in the Deck.

You can see the most current Forbidden and Limited List (Traditional Format) card list by visiting this link:

Language	Link
North America	http://www.yugioh-card.com/en/limited/index.html
Latin America & Caribbean	https://www.yugioh-card.com/lat-am/limited/index.html

G. Special Formats

KDE-US will periodically create new and unique tournament formats that can be run as Sanctioned or Official events. 3 vs. 3, Tag Duels, Speed Duel, etc., fall under this category. These Special Formats may have their own supplemental policy document.

VIII. Sealed Deck Information

A. General

Sealed Deck events feature Decks that are constructed entirely of cards provided at that tournament. You may not add in cards from any other source, unless instructed that you may do so by a judge (e.g. Premiere! event promos).

Unlike Constructed Decks, Sealed Deck tournaments have no restrictions on the number of any specific card in the Deck. You may include as many copies of any card you like, even more than three, provided all copies of those cards were obtained from the product given to you for that tournament.

The minimum Main Deck size in any Sealed Deck event should never be less than 20 cards. The minimum Main Deck size may be raised to a higher number if announced ahead of time before the scheduled event.

There is no maximum Main Deck size.

B. Sealed Pack

You will receive a standardized amount of a specific card product, and will use only the product given for that event to construct a Deck. You may not trade the cards you received in their product with other Duelists until the tournament is over, and you may not add cards you already own.

C. Sealed Pack Swap

In certain Sealed Pack events, the TO or Head Judge may require you to perform a Deck Swap before constructing your Decks.

You will be required to register the contents of the card pool that you open on a Deck List. Once this has been completed, judges will randomly distribute the registered product to all Duelists.

If you choose to drop from the tournament before completing the Deck Swap, you will be enrolled in the first round, receive a Match Loss for the first round, and then be dropped from the tournament.

D. Booster Draft

Card product will be shared amongst a specific group of Duelists, and you will select cards and build your Decks from that product according to the format dictated by the judge.

Cards may not be traded or exchanged with other Duelists once they have been selected.

E. Side Deck & Extra Deck for Sealed Deck Events

Deck	Description
Side Deck	Any cards not included in the Sealed Main Deck or Extra Deck may be treated as the Side Deck.
Extra Deck	Any Fusion, Synchro, Xyz, or Link Monster Cards that are not in the Side Deck may be treated as the Extra Deck.

IX. Card Legality

A. Forbidden & Limited List

The Yu-Gi-Oh! TCG utilizes an evolving Forbidden and Limited list which you must follow when creating your Advanced or Traditional format Decks. This list is updated periodically throughout the year, and the most current list can be found here: <https://www.yugioh-card.com/en/limited/index.html>

There is no set schedule for these updates, be sure to check the list prior to attending a Sanctioned or Official Constructed event.

Restriction	Description
Forbidden Cards	These are cards that you cannot include in your Main Deck, Side Deck, and Extra Deck.
Limited Cards	These are cards that you can only include one (1) copy of in your Main Deck, Side Deck, and Extra Deck combined.
Semi-Limited Cards	These are cards that you can only include two (2) copies of in your Main Deck, Side Deck, and Extra Deck combined.

B. Sets

Cards released in sets are legal upon the official release date of the booster packs, or in the case of OTS Tournament Packs, on the start date for the prizing product.

Yu-Gi-Oh! TCG expansions become tournament legal at different times, depending upon where they are released. A set only becomes legal once it has been released in a specific country. Legality dates will differ for North America, Latin America, Europe, South Africa and Oceania - you should always verify that cards are legal for play in your specific territory, and not rely on legality dates for other areas.

- For legality dates of a product release in your territory, please visit your “Products” section of <http://www.yugioh-card.com>.

Even though OTS have the ability to sell product one day earlier than the official street release date, that product is not tournament legal until the official release date.

C. Promotional Cards (excluding SHONEN JUMP and Yu-Gi-Oh! Graphic Novel)

Video Game promo cards are legal starting with the official “on sale” date for that video game within that Region.

Yu-Gi-Oh! Championship Series (YCS) prize cards become legal on a Continent once a YCS or WCQ awarding that card has been held on that continent. A Continent is defined by the World Championship Qualifier (WCQ) that a Duelist’s Regional Qualifier feeds into.

Examples	<i>Mexico will participate in the Central America WCQ, even though Mexico is geographically considered part of the North American continent.</i>
-----------------	--

D. SHONEN JUMP and Yu-Gi-Oh! Graphic Novel Promotional Cards

SHONEN JUMP Magazine cards are NOT legal for play in Europe, South Africa, Oceania, Central, or South American unless that card has been released in another product.

Yu-Gi-Oh! Graphic Novel cards are ONLY legal for play in Europe, South Africa, Oceania, Central, or South America if that Graphic Novel was officially distributed there. (This is rare.)

E. Preview Cards

Cards from an upcoming set that are distributed before the set is released become legal on the official release date of the prerelease product.

Examples	<i>Collectible Tins</i>
	<i>Core Booster preview cards</i>

F. Reprints

Individual cards that are reprints of cards that are already legal (whether or not the artwork or rarity is different) are legal for play as soon as they are available.

G. Cards with Updated Text or Errata

Cards will occasionally undergo an errata or updated text. It is your responsibility to ensure you know the most recent text for all cards in your Deck.

You are not required to play versions of cards with the most recent text, however you are required to play all copies of your cards according to the most recent text.

If you are playing with cards that have outdated text, you must do one of the following:

- Have a copy of the card with the most recent text, not in your Deck, available to show opponents or tournament officials
- Have a written copy of the most recent text of the card, stored outside of your Card Case, available to show opponents or tournament officials.
- Use the “Camera Search” function in Neuron to provide the most recent text of the card.

This must be done even if you are running copies of the card with the most recent text in your Deck.

The most recent text for all cards can be found in the official Yu-Gi-Oh! TRADING CARD GAME Card Database at: <https://www.db.yugioh-card.com/yugiohdb/>.

Scanning a card with the “Camera Search” feature of Neuron will also provide you with the most recent text.

H. Foreign Language Cards

TCG cards printed in English, French, German, Italian, Portuguese, or Spanish are legal for play in Sanctioned and Official tournaments within all TCG territories. If you want to use a foreign language card, you must verify that the card was printed for the TCG (and not the OCG).

It is your responsibility to provide an accurate translation for cards that are not in the local language of the event. You may incur a penalty if you do not provide a translation, or provide an incomplete or inaccurate translation.

If you are using a card that is not in a local language, you must do one of the following:

- Have a local-language version of the card, stored outside of your Deck or Card Case, available to show opponents or tournament officials.
- Have an accurate, written version of the most recent card text, stored outside of your Card Case, available to show opponents or tournament officials.
- Use the “Camera Search” function in Neuron to provide an accurate translation of the card.

Electronic images such as cell phone pictures, websites, etc., may not be used for translation purposes.

In Spanish-speaking Latin American countries, translations of card text are not required if you are using English or Spanish language product.

In Brazil, you are not required to show translations of card text if using Portuguese or English language cards.

If you are using cards in any other languages, you must still provide an English or Portuguese language translation.

If you are using foreign language cards in your Deck, you must use the accepted local language name of the card instead of the translated name printed on the card when you are writing out your Deck list (if applicable).

This ensures that that the Judge staff will know which cards you are playing in your Deck.

If a country has more than one accepted local language, all card names should be written using a single accepted language.

I. OCG Cards

Cards printed for the Asian version of Yu-Gi-Oh! TCG (which is called the “Yu-Gi-Oh! Official Card Game” or “OCG”) are usually printed in Japanese, Korean or Simplified Chinese, and are legal for play only in Sanctioned events in Japan and parts of Asia. While OCG cards are sometimes available in other languages, including English, they are not legal for Sanctioned play in TCG territories (such as North America, Central America, South America, Europe, New Zealand, and Australia).

You can tell the difference between a TCG card and an OCG card by checking the set number of the card: Asian English cards will include AE in their set name.

Examples	<i>CRMS-AE035</i>
-----------------	-------------------

J. Altered Cards

Cards that have been altered from their original manufactured version with surface decoration added by the consumer may be used for tournament play **ONLY** if they do not violate any of the following rules:

These rules apply to all cards in the Deck, including Main, Side, and Extra.

- Cards that have been modified (by adding or subtracting foil, layers of paper, etc.) from the originally manufactured version of the card are not legal for tournament play.
- Cards with surface decoration which makes the card or card image unrecognizable are not legal for tournament play.
- Cards with surface decoration which alters the thickness or texture of the card are not legal for tournament play.
- Cards with surface decoration that obscures any portion of the card text or key card traits (Tribute, Level, Monster Type, ATK, DEF, etc.) are not legal for tournament play.
- Cards with surface decorations expanding the illustration beyond the illustration box are not legal for tournament play.
- Cards with surface decoration that may be considered offensive are not legal for tournament play.
- Cards with surface decoration that makes the card distinguishable from other cards in the Deck while face-down are considered marked, and not legal for tournament play.
- Cards with alterations of any kind, front or back, are not legal for Tier 4 tournaments (the Yu-Gi-Oh! TCG World Championship).

The Head Judge of the event has final arbitration on whether or not an altered card(s) violates any of the above rules.

You are responsible for determining whether or not your altered cards are legal for use before the start of the tournament.

Examples	<i>A Duelist has a copy of Judgment Dragon in which the art has been extended beyond the illustration box. The Duelist may not play with this card.</i>
	<i>A Duelist has a copy of a Blade Armor Ninja that has been customized into a Secret Rare copy of the card. The Duelist may not play with this card.</i>
	<i>A Duelist has a copy of Spore that has had slight alterations done to the card image with a marker. The Duelist must ask the Head Judge if the alterations on the card fall within the policy, and abide by the Head Judge's decision.</i>
	<i>A Duelist has a copy of Tyrant Dragon that has had a layer of holographic film added to the surface of the card, to make it look like a Duel Terminal card. The Duelist may not play with this card.</i>
	<i>A Duelist has a copy of Honest with a large autograph covering the text. The Duelist may not play with this card.</i>

K. Marked Cards

A card is considered to be “marked” if it can be distinguished from other cards in the Deck without seeing the front of the card.

This includes (but is not limited to) warping, creases, discoloration, card thickness or texture, and water-marks.

If the cards are sleeved, “marked” includes (but is not limited to) sleeves with identifying marks or other unique characteristics that distinguish it from other cards in the Deck.

- If your cards are double-sleeved, this applies to both sleeves.

If you are using sleeves to protect your cards, you should take extra precautions to ensure that your sleeves do not become marked during the course of a tournament.

If the Head Judge determines that your sleeves are marked, they may require you to re-sleeve your Deck.

If the Head Judge determines that your cards are marked, they may require you to replace the marked card(s) during the course of a tournament.

If you cannot replace the card(s) before your next Match begins, appropriate tardiness penalties at three (3) minutes and ten (10) minutes will begin to apply, since you no longer have a Deck that matches your registered Deck list and you are not ready to begin the Match.

These tardiness penalties are **in addition to** the penalties that were applied for Marked Cards.

If you cannot replace the card(s), or choose not to replace the card by the 10-minute mark in the Match, you will need to be dropped from the tournament.

If you do not wish to be dropped from the tournament, you must notify the Scorekeeper.

You will need to concede the following Match to your opponent, until you are able to replace the cards.

On extremely rare occasions, you may pull a damaged, miscut or warped card, which can be distinguished from the rest of the Deck while face-down, directly from a product. Even though the cards came in this condition, these cards are considered to be marked and cannot be used in a Deck.

Examples	<i>An older card that is noticeably flimsy</i>
	<i>A 'warped' card</i>
	<i>A card that may have been accidentally bent during the tournament</i>
	<i>Sleeves with manufacturer's holograph trademark in different positions</i>
	<i>Cards in sleeves that are too big, causing the cards to shift around in the sleeves</i>
	<i>Cards with yellowed edges</i>
	<i>Cards sleeved with sleeves from different packs</i>
	<i>Sleeves that have acquired dirt, bends, frays, etc.</i>
	<i>Re-sleeved cards that look newer than the previously sleeved cards</i>
	<i>Cards that become warped during the event due to humidity, etc.</i>
	<i>Cards pulled from a pack that are creased or bent</i>
	<i>Sleeves with an irregular manufacturing defect on any of the sides</i>
	<i>Cards that are positioned at the top of the sleeve while other cards in the deck are at the bottom of the sleeve</i>

L. Misprint Cards

On extremely rare occasions, you may pull a miscut or misprinted card from a product.

These cards are not considered to be tournament legal if they are distinguishable from other cards in the Deck while face-down (marked). If the miscut or misprinted card is not distinguishable from other cards in the Deck while face-down, it is tournament legal assuming all of the information that the card should provide is readily available.

- You must play misprinted cards as if they have the correct information printed on them.

You must provide an accurate, local-language copy of the latest version of the correct card text, a correct local-language copy of the card, or the “Camera Search” function in Neuron to show to opponents or tournament officials.

Cards used to supply the proper card text must be kept outside your Deck or Deck box.

Examples	<i>A Duelist is playing with a card without a card name printed on it. This card is only tournament legal if the Duelist provides a local-language version of the card text available outside of the Deck to show to an opponent or tournament official.</i>
	<i>A Duelist is playing with a card that has the wrong card name or statistic printed on it. The Duelist must play the card as if it had the correct card name and statistics, and must provide a correct local-language copy of the card or an accurate local-language copy of the correct card text to opponents and tournament officials.</i>
	<i>A Duelist is playing with a card that has been miscut, making it smaller than the other cards in her Deck. This card is considered marked, and she cannot use it in her Deck.</i>
	<i>A Duelist is playing with a card that has been too heavily stamped with foil, which has raised the name of the card on the back of the card. This card is considered marked, and he cannot play with this card.</i>

M. Cards With Translation Errors

Occasionally, TCG cards in languages other than English may contain translation errors that alter the function of the card. In these cases, the cards should be played according to the English-language text found on the Card Database at <https://www.db.yugioh-card.com/yugiohdb/> or using the “Camera Search” function in Neuron.

N. Counterfeit Cards

Counterfeit cards (fake cards that are created by third-party companies that can resemble officially released cards) cannot be used in your Deck in a Sanctioned or Official tournament.

Even if you own an official copy of the card, you cannot include counterfeit cards in your Deck.

If you have information regarding the sale and distribution of counterfeit cards, you should e-mail all relevant information to us-opsupport@konami.com (North America), or la-opsupport@konami.com (Latin America and the Caribbean).

O. Proxy Cards

Proxies (cards used to represent a different card) are not allowed in Sanctioned or Official events. Photocopies, cards that have been relabeled, etc., are considered “proxies” and cannot be used in your Deck in a Sanctioned or Official tournament. **This includes Tier 1 events.**

Even if you own an official copy of the card, you cannot include proxy cards in your Deck.
