I have never been to one of these events, what should I expect?

The WCQ: Oceanic Championship (and Oceanic Dragon Duel Championship) are some of the most prestigious tournaments in the Yu-Gi-Oh! TRADING CARD GAME. Duelists from all over Oceania will compete for the opportunity to represent their country and continent at the Yu-Gi-Oh! TCG World Championship 2017 and Dragon Duel World Championship 2017.

There are a lot of things you should do to make sure you are prepared before heading to the tournament. Read over the list of things you will need for the tournament, and make sure you have everything. You'll have a better time at the event if you don't have too many bulky or heavy possessions to carry around, as it can get crowded there on the floor. Think ahead while you are planning what to bring with you.

When you get to the event, you will need to register in order to play. You will also need a COSSY ID card – this is the ID number used to track you in the tournament. If you don't already have one, you will be able to get one at the tournament.

If you have a COSSY ID and have lost or forgotten it, you can ask the Registration station to look it up for you. If you've played in a previous event, they may be able to retrieve your number. Please arrive at least 30 minutes before the WCQ: Oceanic Championship is scheduled to start to ensure you will be properly registered for the tournament.

You will also need a Deck List. A Deck List is required to participate in the WCQ: Oceanic Championship. You can get a Deck List form at the event when you register, or [you can download one to fill out ahead of time by clicking on this link](#).

Write the name of each card in full, and write down how many copies you have in your Deck.

- Make sure your name and COSSY ID are on your Deck List.
- Make sure your Deck List exactly matches your Deck.
- Write legibly and do not use abbreviations for card names.

Please check with the Head Judge for additional instructions on the Deck List collection process. Duelists are responsible for paying attention to information from judges and/or tournament staff in

order to understand what is going on. If Duelists have questions about the event either beforehand or while they are there, they should check with the Tournament Organiser.

Before heading to the event, all Duelists should read over the KDE Tournament Policy and Penalty Guidelines carefully. These documents tell you what you can and cannot do at an event, and give you a good idea of what to expect. [You may find these Guidelines at this link.](#)

When you compete in a WCQ: Oceanic Championship tournament, you'll be held to high standards of play and sportsmanship. You should know how the cards in your Deck work, and should take great care to prepare your Deck, sleeves, and Deck List. Duelists must pay attention to information from judges and/or tournament staff in order to understand what is going on. Duelists are expected to know and understand the information provided in the above policies and guidelines while at a National Championship or any Sanctioned event.

The Oceanic Championships are excellent places to test your skills, learn more about Deck-building and strategy, and see how well you match up against the other Duelists from other countries.

I will be bringing my children to this event, is there anything I should know?

We will have a Parents' Area available, where parents can relax while their children are occupied in the tournament. This area is open only to parents and their children. You are not required to stay on site, but we strongly recommend that you do, especially if your children are young or if this is their first event. Please know that the tournament staff cannot be responsible for looking after your children, or their possessions. Always make sure your child has a way to contact you, and is provided with any necessities such as food, drink, or extra money if you do not wish to remain in the tournament area.

When your child is preparing for the event, encourage him or her to leave any bulky or expensive possessions at home. Electronics and large collections of cards are hard to keep track of during a big tournament – your child will have a much easier day without having to worry about these kinds of items.

Card trading is a big attraction at large tournaments, but if you are concerned about your child trading away valuable cards, talk to him or her before the event and set some guidelines. You can always have your child check with you before making a trade.

Will there be meal breaks during the tournament?

There will not be any meal breaks scheduled into the tournament.

What happens if I am not done with my Match after 40 minutes? (Swiss)

Sometimes a Match will not be finished when the time ends for a round. If this happens, the Duelist should note whose turn it is when time is called, and raise their hands for a judge. The judge should be notified that the Match is ongoing and whose turn it is. The judge may or may not stay to supervise the End of Match procedure, but should ensure that both Duelists understand the following procedure.

Please follow these instructions when proceeding to End of Match procedures during the **Swiss** portion of the tournament:

- Continue until the end of the current turn.
- If the Duel is not over at the end of the turn, go to “Extra Turns.”
- Extra Turns = Conduct (5) additional turns starting from the opponent’s turn.
- If a win condition (a Duelist’s Life Points is reduced to 0 or an instant win condition such as the effect of **Exodia the Forbidden One** or **Final Countdown**) occurs within these (5) turns, the Duel ends as normal.
- If a win condition does NOT occur within these (5) turns, the Duelist who has higher Life Points after the “Extra Turns” (5 turns) wins.

- If both Duelists’ Life Points are the same after the “Extra Turns” are completed, the Duel is considered a Draw.
 - After the Duel is concluded, the Duelist who has won the most Duels is declared the winner of the Match. If both Duelists now have the same number of Duel wins, the Match is a Draw.
 - If both Duelists won one Duel and the third Duel ends in a Draw, the Match is considered to be a Draw.
 - If time is called before a Duel begins (during Side Decking, before drawing their opening Hands), and both Duelists have won the same number of Duels, the Match is considered to be a Draw.
 - If time is called before a Duel begins (during Side Decking, before drawing their opening Hands), and one Duelist has won more Duels, the Duelist with more wins is declared the winner of the Match.
 - Duelists may not choose to intentionally end a match in a Draw. Intentionally ending a Match in a Draw, or stalling to have a Match end in a Draw, is against tournament policy and could result in a Disqualification.

Match Draws may only occur during the Swiss portion of a tournament and only during End of Match procedures. **Duelists may not intentionally end a Match in a Draw. Intentionally ending a Match in a Draw, or stalling to have a Match end in a Draw, is against tournament policy and could result in a Disqualification.**

What happens if I am not done with my Match after 40 minutes? (Single Elimination)

During Single-Elimination rounds, if Duelists have not completed their matches during their allotted time limit, proceed to End of Match procedures. Please follow these instructions when proceeding to End of Match procedures during the **Single-Elimination** portion of the tournament:

- Continue until the end of the current turn.
- If the Duel did not end at the end of the turn, go to “Extra Turns.”
 - Extra Turns = Conduct (3) additional turns starting from the opponent’s turn.
- If a win condition (a Duelist is reduced to 0 Life Points or an instant win condition such as the effect of **Exodia the Forbidden One** or **Final Countdown**) occurs within these (3) turns, the Duel ends as normal.
- If a win condition does NOT occur within these (3) turns, the Duelist who has higher Life Points after the “Extra Turns” wins.

- If both Duelists' Life Points are the same after the "Extra Turns" are completed, then play will continue on a turn-by-turn basis, with the Duelist with the most Life Points at the end of a turn being declared the winner of that Game.
 - Life Points are checked after the turn has completed but before the opponent's turn begins.
 - If a Duelist's Life Points reach 0 or if a win condition occurs during the turn, normal game play rules apply.
- Once the winner has been determined for the current Duel, the Match winner is determined.
 - If a Duelist has more wins than his or her opponent, that Duelist wins the Match.
 - If both Duelists have the same number of Duel wins, or if time is called in between Games of a Match, they will begin a new Duel with specific guidelines.
 - Neither Duelist may use his or her Side Deck.
 - Duelists must use a random method (die roll, coin flip, etc.) to determine who will go first.
 - The Duel will continue for a total of (4) turns, two turns for each Duelist, unless a Duelist manages to win the Duel before the (4) turns are up.
 - Once the four turns are completed, Life Point totals are compared and the Duelist with the highest Life Point total wins the Match.
 - If both Duelists' Life Points are the same after the (4) turns are completed, then play will continue on a turn-by-turn basis, with the Duelist with the most Life Points at the end of a turn being declared the winner of that Game. Please use the same criteria listed above (Step 5).

Draws cannot occur during Single-Elimination. There must always be a winner.

Will there be tournament coverage at this event?

If a player wishes to drop out of the tournament at any time, they can do so after any of their Matches.

What is a Single-Elimination Tournament?

Half of the tournament is eliminated after each round – the losing player is out of the tournament, while the winner goes on to the next round. This continues until only one player remains, which is then declared the winner.
