COVID-19 Addendum

In Effect as of 19-06-2020

The COVID-19 Addendum to the Official KDE-E Yu-Gi-Oh! TRADING CARD GAME (TCG) Tournament Policy document exists to explain Covid-19 tournament policies until further notice

Please refer to the Official KDE-E Yu-Gi-Oh! TCG Tournament Policy for questions about policy not covered in this Addendum – unless indicated otherwise by this document, events taking place during the Covid-19 outbreak may have a few differences from the Official KDE-E Yu-Gi-Oh! TRADING CARD GAME Tournament Policy. In that case, this document supersedes the Tournament Policy document.

Tournament Policy documents help to keep events consistent, so that attendees will always know what to expect at any KDE-E Yu-Gi-Oh! TCG event.

Everyone who attends a KDE-E Yu-Gi-Oh! TCG tournament is expected to read, understand, and adhere to all Tournament Policy and Penalty Guideline documents.

For a complete understanding of tournament policies, please also read these documents:

Specific events, such as the Yu-Gi-Oh! Championship Series (YCS), Local Legend Duelist Series (LLDS), Regional Qualifier tournaments, etc., may have standardized Tournament Operation Documents. **Any tournament-specific rules in these Operations Documents will supersede directions given in this policy document.**

Tournament Policy documents will be updated. There is not a set schedule for updates, and the most current version of any KDE-E Tournament Policy document can be found here:

I. Duelist Responsibilities

A. Communication

It is always your responsibility to relay accurate information.

You are required to answer completely and honestly all questions relevant to maintaining an accurate Game State or matters of Public Knowledge.

You should clearly communicate your actions during game play and ask questions of your opponent or a tournament official if you are unsure about something.

You are obligated to immediately notify your opponent (and a judge, if necessary) if your opponent fails to follow any game rules, including effects they may be playing incorrectly.

You must not touch any of your opponent's cards or items.

You should request the assistance of a judge at the time an issue arises, rather than afterwards.

You may not retract moves once you have committed to them.

- Committing to a move includes, but is not limited to, verbally stating or announcing an action, or removing your hand from a card.

If your verbal statement contradicts an action you take in the game, and the verbal statement is a legal play or action, the verbal statement overrules the action you performed. If you take an action in the game that turns out to be illegal, call for a judge. The judge can assess the situation, allow the retraction, and issue the appropriate penalty.

B. Hygiene

You should carry alcohol-based hand sanitizer with you and use it frequently throughout the event. Please follow the guidelines established by the World Health Organisation (WHO), European Centre for Disease and Prevention Control (ECDC) as well as the Centers for Disease Control and Prevention (CDC).

WHO	https://www.who.int/emergencies/diseases/novel-coronavirus-2019/events-as-they-happen
ECDC	https://www.ecdc.europa.eu/en/covid-19/all-reports-covid-19
CDC	https://www.cdc.gov/coronavirus/2019-ncov/index.html

If you display any symptoms of illness, do not attend an event. Symptoms of illness include, but are not limited to, fever, cough, dry cough, tiredness, difficulty breathing, chest pain or pressure, etc.

Tournament Organisers may refuse entry in the venue, if you show any symptoms or appear to be ill.

Note that in case entry is refused, KONAMI and / or Tournament Organisers are not liable for any expenses you have incurred in traveling to the event.

C. Social Distancing

You should be aware of the current laws and regulations imposed by your local Governments regarding Covid-19, namely Social Distancing. OTS and Tournament Organisers are being made aware of this directly by each local Government, please ensure that you follow what is asked in Tournament Venues. These rules and regulations include, but are not limited to, restrictions on the number of persons allowed in a venue, distance between persons, and wearing facial protection equipment.

Failure to comply with these requirements may result in you being asked to leave the venue.

D. Card Trading

We recommend you always carry hand sanitizer with you and use it frequently.

When trading Cards, ensure that you use hand sanitizer after touching someone else's belongings.

Ask permission before touching anyone else's belongings. Wash your hands frequently and avoid touching your face.

E. Use of Facial Protection Equipment

If your local government laws require the use of facial protection equipment inside a venue, it is your responsibility to provide correct equipment and utilize it throughout the duration of your stay indoors.

Facial protection equipment is encouraged, even if your local Government laws do not require the use of facial protection equipment inside a venue.

Please note that Facial Protection Equipment must be types recommended by local Governments – surgical masks, home made cotton mouth masks, protective visors. Please do not use items such as fantasy masks, motorbike helmets, or similar.

II. Tournament Play

A. Shuffling

Your Deck must be randomized using an accepted shuffling method (riffle, pile, Hindu, etc.) and then cut. This must be done at the start of every Duel, and whenever a game mechanic requires you to shuffle your Deck.

You must thoroughly randomize (shuffle) your Deck where your opponent can see.

- You cannot check or arrange any cards while shuffling.
- You cannot pre-sort your Deck (sorting Monsters/Spell/Trap, etc.) without thoroughly shuffling the Deck afterwards.

Your opponent must not touch your Deck for randomization. Instead, your opponent should instruct you to randomize your Deck, as well as cut it if necessary as they wish. This reduces the contact your opponent has with any of your belongings.

The owner may then “cut” their own Deck. If they do, they must ask their opponent if they wish for the Deck to have another cut. No additional randomization may be done to the Deck after this point.

- When you have completed your randomization, place your Deck in the Deck Zone, and notify your opponent that you are finished. By this action, you agree that you have sufficiently randomized your Deck and that your Deck is legal and matches your Deck List.

After both Decks have been shuffled and placed in the Deck Zone, both Duelists should ensure that all Deck elements are placed in their respective zones.

Both Duelists should count out their Side Decks in view of their opponent, to confirm how many cards are there.

You are not required to keep your Side Deck on the table, it can be returned to the Card Case for safekeeping.

If the Side Deck is kept in the Card Case, the Card Case must be kept on the table in view of both Duelists.

B. Use of a Smartphone

You can use a Smartphone during the Match for the following circumstances.

- Life Point Calculation
 - You can use your device’s calculator to calculate your and your opponent’s Life Point differences. You must keep a written record of these changes
- Card Translations
 - You can use your device to search the Yu-Gi-Oh! Card Database for Card Translations.

III. Reporting the Match Results

A. Reporting the Match Result

The winning Duelist is responsible to accurately report the result of a Match. Match Result Slips must not be used during this time period and results should be communicated verbally to the Scorekeeper, ensuring that the Social Distancing guidelines are followed.

You should consult a Tournament Official if you are unsure of the proper procedure for reporting your Match result.

Match Results cannot be altered once they have been submitted.
