Each Yu-Gi-Oh! Speed Duel Remote Duel Match will be a best 2-out-of-3 Duel with a 40-minute time limit.

Each Yu-Gi-Oh! Duel Links Remote Duel Match will be a best 3-out-of-5 Duel with a 45-minute time limit.

Card Game	Games Played	Time Limit
Yu-Gi-Oh! TRADING CARD GAME	Best 2-out-of-3	50 Minutes
Yu-Gi-Oh! Speed Duel	Best 2-out-of-3	40 Minutes
Yu-Gi-Oh! Duel Links	Best 3-out-of-5	45 Minutes

What happens if I am not done with my Match after the time limit?

Sometimes a Match will not be finished when the time ends for a round. If this happens, it is both Duelists' responsibility to note whose turn it is when time is called. Duelists who require assistance with the End of Match procedures should call for a judge. The judge should be notified that the Match is ongoing and whose turn it is. The judge may or may not stay to supervise the End of Match procedure but should ensure that both Duelists understand the following procedures.

End of Match procedures should follow these three (3) rules:

Rule #1: If time is called while Duelists are in the middle of a Game, the current Game must have a decision (Win, Loss, or Draw)

Rule #2: Once the current Game has concluded with a decision, determine the winner of the Match by determining the number of Game Wins (or Game Losses) each Duelist has for the current Match. The Duelist with the most Game Wins will win the Match.

Swiss Rounds: If both Duelists have the same number of Game Wins, or if time was called in between games of a Match when both Duelists had the same number of Game Wins, then the Match is a Draw.

Single-Elimination Rounds: If both Duelists have the same number of Game Wins, or if time is called in between Games of a Match while both Duelists have the same number of Game Wins, they will begin a new Duel with specific guidelines.

- Neither Duelist may use their Side Deck. If time was called in between Games of a Match and at least one Duelist has already accessed their Side Deck, then both Duelists may use their Side Deck.
- Duelists must use a random method (die roll, coin flip, etc.) to determine who will go first.
- The Duel will continue for a total of four (4) turns, two (2) turns for each Duelist, unless a Duelist manages to win the Duel before the four (4) turns have concluded.
 - A "turn" is defined as the start of the Draw Phase until the end of the End Phase for a single Duelist.
- Once the four (4) turns are completed, Life Point totals are compared and the Duelist with the highest Life Point total wins the Match.
- If both Duelists' Life Points are the same after the four (4) turns are completed, then play will continue on a turn-by-turn basis, with the Duelist with the most Life Points at the end of a turn being declared the winner of that Game.

Rule #3: If a win condition occurs during End of Match Procedures, that Duelist wins the current Game.

Keeping these three (3) rules in mind, please follow these instructions when proceeding to End of Match procedures:

- 1. Continue with the current Phase of the Game. Once the Phase is over, stop the game.**
- Determine a Game Winner at this point, with the Duelist with the most Life Points winning the Game.
 - During Swiss Rounds, if both Duelists' Life Points are the same, the Game is a Draw. Compare Game Wins with the Duelist with the most Game Wins winning the Match. If the Game Win totals are the same, the Match is a Draw.
 - During Single-Elimination, **if both Duelists' Life Points are the same at the end of the current Phase (Step 1 above), finish the current turn.** If both Duelists' Life Points are the same at the end of the turn, then play will continue on a turn-by-turn basis, with the Duelist with the most Life Points at the end of a turn being declared the winner of that Game.
 - **Match Draws cannot occur during Single-Elimination Rounds.**

Potential judges are required to hold RC-1 certification and be registered as judges in the KDE-E Judge Program to judge at a YCS. All potential judges must pass the online Rulings Comprehension Level 1 test, and then complete an online application to join the Judge Program. You can find information about the test, and a link to take it, [here](#).

Can I buy and sell from other people at the event?

Duelists are not allowed to buy or sell from one another on Remote Duel YCS Discord servers. If you do so, you risk incurring penalties, including being disqualified and removed from the event.

Buying and selling includes all items, not just cards or gaming supplies.

Trading is restricted to cards and Yu-Gi-Oh! related items such as playmats and dice – attendees may not trade other items on Remote Duel YCS Discord servers.

Attendees may not solicit business, distribute links to sites or servers, etc., while on the Remote Duel YCS Discord servers.

Can I get a CARD GAME ID number at the Remote Duel YCS tournament, or will I need to have one before I attend the event?

If you previously had a COSSY ID, that same number will carry over as your CARD GAME ID. You will still need to register online at <https://cardgame-network.konami.net/>.

If you do not remember your previous 10-digit ID, an Event Staff member on Raid'n'Trade's Discord server should be able to assist in finding your correct ID. Please join Raid'n'Trade's Remote Duel YCS Discord server (<https://discord.com/invite/vzTrpytHgy>) and post in **#ask-event-staff** for help finding your CARD GAME ID number. Duelists should avoid acquiring new CARD GAME IDs if the previous ID can be found.

If you do not have a CARD GAME ID number, you can get one by registering online at <https://cardgame-network.konami.net/>.

Are there any items I am not allowed to have visible in my Dueling Setup during the tournament?

Attendees may not display or have visible any items that are prohibited by law in their area (**local, state, or national**). In addition, unlawful items/transactions, weapons of any kind, and substance drugs which may be illegal on a **local, state, and/or national level**, are not allowed at Sanctioned/Official events. Attendees who have any such items visible will incur penalties, including Disqualification and removal from the event, and risk suspension from KDE-E Organised Play.

What Tournament Policy information do I need to know for a Remote Duel Event?

Duelists are responsible to know the information contained in KDE-E Official Tournament Policy documents, which can be found [here](#).

Until we have a Remote Duel Policy addendum, we will use the following Infractions/Penalties for common issues in Remote Duels.

Infraction	Penalty
Disconnection	If a Duelist gets disconnected from the video channel during a Duel, they will receive a Game Loss. This is a Procedural Error – Major infraction.
Frozen Video	If a Duelist's video feed becomes disrupted or frozen during a Duel, they will receive a Game Loss. This is a Procedural Error – Major infraction. This is not the same as a temporary lag, please use the Pause/Play card or some other method to indicate lag.
Streaming during a Match (for events prohibiting streaming)	If a Duelist streams or otherwise broadcasts an ongoing Match at an event that has prohibited streaming, they will receive a Warning. This is an Unsporting Conduct – Minor infraction and can be upgraded if the Duelist repeats the infraction. Duelists should verify ahead of time whether streaming is allowed.
Revealing Private Knowledge	If a Duelist inadvertently reveals the contents of their Hand, etc. they will receive a Warning. This is a Procedural Error – Minor infraction and can be upgraded if the Duelist repeats the infraction.
Having items or clothing with offensive images or language on camera	If a Duelist is using tournament materials, wearing clothing, or displaying items within view of the camera with offensive language or images, they will receive a Warning and be required to remove the items in question. This is an Unsporting Conduct – Minor infraction and can be upgraded if the Duelist repeats the infraction. Tardiness or Slow Play penalties may also apply if the correction is not made in a timely manner.
Using a play area that is cluttered or unclear	If a Duelist is playing with a field that is poorly lit, lacking contrast between sleeves and mat, is cluttered with items not required for the current Match, etc. they will receive a Warning and be required to correct the issues. This is a Procedural Error – Minor infraction and can be upgraded if the Duelist does not correct the issues or repeats the infraction. Tardiness or Slow Play penalties may also apply if the correction is not made in a timely manner.
Not being appropriately dressed	If a Duelist is not appropriately dressed (shirts and pants, shorts, or skirts must be worn) they will receive a Warning and be required to correct the situation. This is an Unsporting Conduct – Minor infraction and can be upgraded if the Duelist repeats the infraction. Tardiness or Slow Play penalties may also apply if the correction is not made in a timely manner.
Not keeping hands in view/performing actions off camera	If a Duelist does not keep their hands holding cards or other game-related actions in view of the camera and their action is unintentional, they will receive a Warning. This is a Procedural Error – Minor infraction and can be upgraded if the Duelist repeats the infraction.
Outside interference in a Match	If a Duelist receives outside interference in their Match, they will receive an Unsporting Conduct infraction. The severity of the infraction will determine the appropriate penalty, which could range from a Warning to a Disqualification.
Including cards Forbidden in Remote Duel in the Deck	If the error is caught prior to the start of the event , the Duelist receives a Warning for a Deck Error – Minor infraction and must remove the Forbidden card(s). If removing the Forbidden cards results in an illegal Deck (less than 40 cards), then the Duelist must move cards from their Side Deck to the Main Deck to total 40 cards.
