What will I need to bring to a Yu-Gi-Oh! Championship Series event?

You should bring a tournament-legal Deck as described above, registration sheet, and a completed Deck List ([which can be downloaded as a fillable PDF here](#)). The registration sheet and Deck List can also be found on-site. You should also bring any tournament supplies you will need; such as paper and pen to track Life Points, dice or counters if you are using cards which require them, extra sleeves to replace any that become damaged, and so forth.

To register for a Yu-Gi-Oh! Championship Series event, you **must** bring your KONAMI Player ID number and a form of personal identification with a picture, as you will need proof of identity in order to register. If you are only competing in Public Events, and if you already have a KONAMI Player ID number, you should bring your number and barcode. If you do not have one, you can obtain one at the event. You should also bring money for your incidentals (food, drinks, Public Events, etc.).

What is the schedule for the Yu-Gi-Oh! Championship Series?

You can find this information on the corresponding [events page](#).

I have never been to one of these events, what should I expect?

The Yu-Gi-Oh! Championship Series are among the biggest of all Yu-Gi-Oh! tournaments, and attract Duelists of all ages and skill levels. Many Duelists travel great distances to attend the Yu-Gi-Oh! Championship Series, so you can expect to meet hundreds of fellow Yu-Gi-Oh! fans from all over.

There are a lot of things you should do to make sure you are prepared before heading to the tournament. Read over the list of things you will need for the tournament, and make sure you have everything. You'll have a better time at the event if you don't have too many bulky or heavy possessions to carry around, as it can get crowded there on the floor. Think ahead while you are planning what to bring with you.

When you get to the event, you will need to register in order to play. You will also need a KONAMI Player ID card – this is the ID number used to track you in the tournament. If you don't already have one, you will be able to get one at the tournament.

If you have a KONAMI Player ID and have lost or forgotten it, you can ask the Registration station to look it up for you. If you've played in a previous event, they may be able to retrieve your number.

Please arrive at least 30 minutes before the Yu-Gi-Oh! Championship Series is scheduled to start to ensure you will be properly registered for the tournament.

You will also need a Deck List. A Deck List is required to participate in a Yu-Gi-Oh! Championship Series Event.

You can get a Deck List form at the event when you register, or [you can download one to fill out ahead of time by clicking on this link](#).

Write the name of each card in full, and write down how many copies you have in your Deck.

- Make sure your name and KONAMI Player ID are on your Deck List.
- Make sure your Deck List exactly matches your Deck.
- Write legibly and do not use abbreviations for card names.

Please check with the Head Judge for additional instructions on the Deck List collection process. Duelists are responsible for paying attention to information from judges and/or tournament staff in order to understand what is going on. If Duelists have questions about the event either beforehand or while they are there, they should check with the Tournament Organiser.

Before heading to the event, all Duelists should read over the KDE Tournament Policy and Penalty Guidelines carefully. These documents tell you what you can and cannot do at an event, and give you a good idea of what to expect. [You may find these Guidelines at this link](#).

When you compete in a Yu-Gi-Oh! Championship Series Event, you'll be held to high standards of play and sportsmanship. You should know how the cards in your Deck work, and should take great care to prepare your Deck, sleeves, and Deck List. Duelists must pay attention to information from judges and/or tournament staff in order to understand what is going on. Duelists are expected to know and understand the information provided in the above policies and guidelines while at a Yu-Gi-Oh! Championship Series or any Sanctioned event.

Yu-Gi-Oh! Championship Series events are excellent places to test your skills, learn more about Deck-building and strategy, and see how well you match up against the other Duelists from other countries.

Remember, there is much more to do at a Yu-Gi-Oh! Championship Series event than just compete in the main tournament. There are lots of Public Events, vendors buying and selling cards, and other Duelists to trade with. Read over the FAQ carefully, and you'll be off to a great start.

[I will be bringing my children to this event, is there anything I should know?](#)

We will have a Parents' Area available, where parents can relax while their children are occupied in the tournament. This area is open only to parents and their children. You are not required to stay on site, but we strongly recommend that you do, especially if your children are young or if this is their first event. Please know that the tournament staff cannot be responsible for looking after your children, or their possessions. Always make sure your child has a way to contact you, and is provided with any necessities such as food, drink, or extra money if you do not wish to remain in the tournament area.

When your child is preparing for the event, encourage him or her to leave any bulky or expensive possessions at home. Electronics and large collections of cards are hard to keep track of during a big tournament – your child will have a much easier day without having to worry about these kinds of items.

Card trading is a big attraction at large tournaments, but if you are concerned about your child trading away valuable cards, talk to him or her before the event and set some guidelines. You can always have your child check with you before making a trade.

Will there be meal breaks during the tournament?

There will not be any meal breaks scheduled into the tournament.

What happens if I am not done with my Match after 40 minutes?

Starting on June 1st, 2018, all Yu-Gi-Oh! TCG Organized Play will use brand-new End of Match procedures. Duelists should familiarize themselves with the new End of Match procedures prior to attending any event. Sometimes a Match will not be finished when the time ends for a round. If this happens, it is both Duelists' responsibility to note whose turn it is when time is called. Duelists who require assistance with the End of Match procedures should raise their hand and call for a judge. The judge should be notified that the Match is ongoing and whose turn it is. The judge may or may not stay to supervise the End of Match procedure, but should ensure that both Duelists understand the following procedures.

End of Match procedures should follow these three (3) rules:

Rule #1: If time is called while Duelists are in the middle of a Game, the current Game must have a decision (Win, Loss, or Draw)

Rule #2: Once the current Game has concluded with a decision, determine the winner of the Match by determining the number of Game Wins (or Game Losses) each Duelist has for the current Match. The Duelist with the most Game Wins will win the Match.

Swiss Rounds: If both Duelists have the same number of Game Wins, or if time was called in between games of a Match when both Duelists had the same number of Game Wins, then the Match is a Draw.

Single-Elimination Rounds: If both Duelists have the same number of Game Wins, or if time is called in between Games of a Match while both Duelists have the same number of Game Wins, they will begin a new Duel with specific guidelines.

Neither Duelist may use his or her Side Deck. If time was called in between Games of a Match and at least one Duelist has already accessed his or her Side Deck, then both Duelists may use their Side Deck.

Duelists must use a random method (die roll, coin flip, etc.) to determine who will go first.

The Duel will continue for a total of four (4) turns, two (2) turns for each Duelist, unless a Duelist manages to win the Duel before the four (4) turns have concluded.

A "turn" is defined as the start of the Draw Phase until the end of the End Phase for a single Duelist.

Once the four (4) turns are completed, Life Point totals are compared and the Duelist with the highest Life Point total wins the Match.

If both Duelists' Life Points are the same after the four (4) turns are completed, then play will continue on a turn-by-turn basis, with the Duelist with the most Life Points at the end of a turn being declared the winner of that Game.

Rule #3: If a win condition occurs during End of Match Procedures, that Duelist wins the current Game.

Keeping these three (3) rules in mind, please follow these instructions when proceeding to End of Match procedures:

Continue with the current Phase of the Game. Once the Phase is over, stop the game.

Determine a Game Winner at this point, with the Duelist with the most Life Points winning the Game.

During Swiss Rounds, if both Duelists' Life Points are the same, the Game is a Draw. Compare Game Wins with the Duelist with the most Game Wins winning the Match. If the Game Win totals are the same, the Match is a Draw.

During Single-Elimination, if both Duelists' Life Points are the same at the end of the current Phase (Step 1 above), finish the current turn. If both Duelists' Life Points are the same at the end of the turn, then play will continue on a turn-by-turn basis, with the Duelist with the most Life Points at the end of a turn being declared the winner of that Game.

Match Draws cannot occur during Single-Elimination Rounds.

What are the rules for the 3 vs. 3 Team Duel event? ***Updated***

The 3 vs. 3 Team Dueling event will be Advanced Format Constructed, Single-Elimination with no Playoff Cut.

Duelists must use an uncut KDE Registration Form sheet to register for this event (3 Registration Forms per sheet). The top Duelist is automatically Duelist A, the middle is Duelist B, and the bottom is Duelist C.

Duelist A is the Team Captain and is the primary point of contact in regards to administrative purposes.

Each team must register a Team Name. The Team Name must be written on the top of the Registration Form. Team Names may not be offensive or disrespectful in any manner. Event Staff reserve the right to request a new team name if they feel the name may be inappropriate.

Here are the basic rules:

When registering for the tournament, each team will designate one Duelist on the team to be Duelist A, one to be Duelist B, and one to be Duelist C.

Team members must keep their team designation throughout the tournament.

At the start of the round, Duelist A will play against Duelist A, Duelist B will play against Duelist B, and Duelist C will play against Duelist C. Team members play as individuals – they do not share cards, Decks, Life Points, etc.

All members of the team will play a best 2 out of 3 match.

The team with the most Match wins gets the win for the round.

Example of play:

Team 1 (Duelist A1, Duelist B1, and Duelist C1) and Team 2 (Duelist A2, Duelist B2, and Duelist C2) play each other in Round 1.

Duelist A1 sits across from Duelist A2, and they play each other, best 2 out of 3.

Duelist B1 sits across from Duelist B2, and they play each other, best 2 out of 3.

Duelist C1 sits across from Duelist C2, and they play each other, best 2 out of 3.

At the end of the Round, the teams compare Match wins.

Duelist A1 won the Match against Duelist A2.

Duelist B1 won the Match against Duelist B2.

Duelist C1 lost the Match against Duelist C2.

Since Team 1 has 2 Match wins, Team 1 wins the round.
